MESSAGE FROM SHRI REJITH KUMAR – MAYURA SIMHASANA THIRUVIZHA

My Namaste to all!

What a historic moment it was...

It was a moment to be remembered!

Lord Palani Muruga was showering His blessings on us...

The sacred mantra '*Om Saravana Bhavaya Namaha*' spread everywhere.

There were so many ardent devotees of Lord Muruga, who came participate and be a part of our program at Palani. These included our members who had come from Chennai, Coimbatore, Kerala and Bangalore in addition to the international LMRK members.

Everyone had only one goal '**Palani Malai**'.

Everyone's attention was about the one and only **Mayura Simhasanam**.

Everyone was chanting '**Om Saravana Bhavaya Namaha**'.

Pooja was held at Aivar Malai. Strong divine energies were felt all through the pooja with Divinity blessing us amply.

In the evening, the Royal chariot carrying the 'Thiru Padam' (Holy Feet) of our beloved Muruga Peruman on the Mayura Simhasanam was taken on Giri Valam around the sacred hill of Palani.

The voices of devotees in spiritual fervour singing songs and chants which praised Lord Muruga could be heard everywhere.

The presence of Legend Shri. Gangai Amaran lent grace to the divine meeting held at Hotel Ganpath Grand.

It was the day all the LMRK members worldwide became one family...

I completely offered myself to Lord Muruga on that day...

Everything was Muruga Peruman. And Muruga Peruman only.

Thanks. Thanks to everyone!

Our Mission's next step is going to happen in Wales with all the blessings of Lord Muruga.

OM SARAVANA BHAVAYA NAMAHA

A LETTER FROM THE EDITOR

Dear Readers,

It gives us great pleasure to welcome you to the second issue of our E-Magazine **KUMARI KANDAM – OUR MOTHERLAND**. The main objective of this E-Magazine is to share the divine revelations of our beloved Muruga Peruman directly with you. Muruga Peruman in all His divine compassion has come to protect the world and help in the spiritual evolution of Mother Earth by balancing Her energies. He has also indicated some specific revelations through Shri Rejith, which concern the whole of humanity during the New Muruga Yugam.

Scope of the E-Magazine

The New Muruga Yugam which started in the year 2013, is to last for the next 2000 years. According to Muruga Peruman it will have the following three main characteristics. They are:

- The rediscovery and revival of the advanced knowledge and greatness of the Tamil civilization.
- The worship of Muruga Peruman will spread all over the world.
- The Power of Siddhar science will come out and many Siddhar secrets will be revealed to help humanity.

It stands to reason that the scope of our sacred E- Magazine will be in tune with these divine revelations. The very first divine task of the LMRK Mission is the pradishta of the 'Thiru Padam' (Holy Feet) on the Mayura Simhasanam in Wales, United Kingdom. The pradishta is to take place on the 14th of November 2018 at the "Thanthondri Anjaneyar" temple in Wales. This clearly signifies that Lord Muruga has come to help us conquer the darkness within us and lead us to light, just as he had once defeated the Asura King Surapadman, and led His army to victory.

Prior to the pradishta at Wales, a Thiruvizha, honouring the Mayura Simhasanam on Indian soil was held at Palani on the 30th of September 2018. We are bringing you a special article about the 'Mayura Simhasanam Thiruvizha' in this issue.

We are happy to announce that the E-Magazine is coming out in four languages namely English, Tamil, Malayalam and French.

I thank the editorial team who contributed in innumerable ways in bringing out this issue.

We at the editorial team humbly submit this second issue as an offering at the feet of our beloved Muruga Peruman, under whose guidance, protection and blessings the articles in this E-Magazine have come to life and become a reality.

OM SARAVANA BHAVAYA NAMAHA

MAYURA SIMHASANAM - MURUGA PERUMAN'S DIVINE ASSURANCE TO PROTECT THE WORLD

The Muruga Yugam has begun! With the world concerned about its future and spiritual seekers all over the world ardently searching for a reprieve, Muruga Peruman chose a symbolic way to tell us that He Himself had arrived to protect the world and be at the helm of its affairs. It was through the Mayura Simhasanam. He has come to help us purify our minds and lead us into a higher consciousness by which we would live more meaningful lives.

In March 2017, He revealed to Shri Rejith, his chosen divine instrument, that a Mayura Simhasanam with His 'Thiru Padam' (Holy Feet) placed on it should be installed at Zero Point and that this would activate powerful divine energies crucial to the New Muruga Yugam.

SIGNIFICANCE OF PRADISHTA AT WALES, UNITED KINGDOM

The first important task of LMRK is the pradishta of the Mayura Simhasanam at Wales, United Kingdom. It must be noted that the time zone relevant to the New Muruga Yugam is at Zero point. According to Muruga Peruman the pradishta of the Mayura Simhasanam at Zero point will unleash many beneficial miracles all over the world. The Pradishta of the Mayura Simhasanam is to take place at the 'Thanthondri Anjaneyar Temple' at Wales on the 14th of November 2018 the very next day after the Soora Samharam day.

CREATION OF THE MAYURA SIMHASANAM

The sacred work began immediately with the preparation of three initial sketches being drawn

by Mr. Ashok from Coimbatore with the concept being explained to him by Mr. Ramesh a Coimbatore LMRK member. Shri Rejith prayed on these during meditation and the design and model of the Mayura Simhasanam was chosen and finalized by Muruga Peruman Himself.

Once the permission for the design was given; a team from Kumbakonam M/s Sundara Vadivel & Co, with great love and devotion crafted the Mayura Simhasanam and the 'Thiru Padam' (Holy Feet) with intricate symbols relevant to Lord Muruga and Lord Lakshmi Narshimar's association with Kumari Kandam and planet Mars respectively. A holder was also crafted in the Mayura Simhasanam to hold the 'VEL'.

It is important to know that the Mayura Simhasanam will be at Zero Point for the next 2000 years during the period of the New Muruga Yugam.

MAYURA SIMHASANAM THIRUVIZHA

Shri Rejith decided to hold a grand function to honour the Mayura Simhasanam on Indian soil at Palani on the 30th of September 2018 before it left for Wales. The event was planned in detail starting with a pooja at Aivar Malai followed by the Giri Valam around the sacred Pazhani Malai. It was then to culminate with a public function in which Muruga devotees from all over the world would meet and share their love and devotion for their beloved Muruga Peruman.

The devotees from all walks of life steadfastly worked together in planning this sacred Thiruvizha day and night. They were constantly blessed by Muruga Peruman while doing this holy task who guided them with his own inimitable presence and helped them every step of the way to bring the Thiruvizha to fruition.

THE KUMBAKONAM JOURNEY ... DARSHAN OF THE MAYUR SIMHASANAM FOR THE VERY FIRST TIME AND ITS JOURNEY TO PALANI - 29/09/18.

A group of five LMRK members Mr. Prabhu, Mr. Srinivasan, Mr. Chandran, Mr. Nirmal and Mr. Siva Sankar from Chennai started to Kumbakonam in the early hours of the morning so that they could reach Kumbakonam well before noon. They could not contain their excitement as they were going to have the darshan of the sacred Mayura Simhasanam for the very first time before anyone else.

It was only the previous day they had got the confirmation from the Kumbakonam craftsman that the divine Mayura Simhasanam was ready for its transportation to Palani. They had seen only a few glimpses of the Mayura Simhasanam while it was being made through its pictures and now that it was ready, they couldn't wait to go and see it for real.

It was a fun filled ride of camaraderie where they shared several interesting topics relating to Lord Muruga, Siddhars, LMRK and other divine experiences. The car sped towards Kumbakonam as they listened to the divine songs from Thirupugazh and that of Sri Pamban Swamigal.

When they reached Kumbakonam it was about 11 am in the morning. They got to feast their eyes on the holy Simhasanam and sensed beautiful divine energies emanating from it. The Simhasanam crafts person remarked that ever since it was kept on display the previous day, even those who passed by seemed to be drawn to it and could not take their eyes off it. The Mayura Simhasanam both enchanted and enthralled them at the same time. The Simhasanam was carefully wrapped and

placed in a mini shipment truck to transport it to Palani.

They requested the driver to stop at Swami Malai (the fourth Aaru Padai Veedu) of Muruga Peruman to seek his blessings. Their plan was to do a quick darshan and pooja of Lord Vinayagar at the foothills and then proceed directly to Kumbakonam. The Divine however had other plans for them. To their surprise not even a single priest was available at the foothills. So, they had to climb the hill to get a priest for performing the pooja. That is when they realized it was Lord Muruga Himself who was inviting them to have their darshan of Him and get his blessings before heading for Palani.

They had a very good darshan of the Lord of Swami Malai in all His divine splendour. Feeling amply blessed they requested one of the priests from the Lord's sanctum at the temple to accompany them to the foothills and perform a pooja for the Mayura Simhasanam. They explained to him the significance of the Mayura Simhasanam and on seeing it the priest felt enthralled and conveyed his happiness to hear about the Thiruvizha being held for it. The priest then conducted a pooja for the Mayura Simhasanam and left feeling blessed at the divine opportunity being given to him to partake in its sacred journey.

Mr. Siddharthan, a Palani LMRK member called and requested Mr. Prabhu to stop by and take the darshan of a Siddhar who lived near the Swami Malai temple. Their car and the mini truck carrying the Mayura Simhasanam stopped at a small house where the Siddhar was present. Sachidananda Shanmuganandha Prakasam Siddhar was seen at the entrance of his home where they found a few devotees gathered around him and praying. Mr. Prabhu took the Thiruvadi and sat near the Siddhar, who on seeing

it gave a beatific smile. The Siddhar distributed his picture to all the devotees present there. One of his disciples, remarked that this has never happened before, and that giving out his picture was a sign of his blessing. A few other devotees joined them in Mr. Ramesh's car from Kumbakonam and Mrs. Chithra a Singapore LMRK member joined them enroute at Thanjavur. Shri Rejith's friend Mr. Arumugam, was continuously calling Mr. Prabhu and enquiring eagerly as to when they would reach Palani.

The sky grew darker as the evening approached and they reached Palani and were greeted by a heavy and sharp downpour of rain. They finally reached the Chavalakara Mandapam at 8.00 PM.

CHAVALAKARA MANDAPAM AT PALANI

Mr. Arumugam with the help of his friends got the golden opportunity to carefully lift the Mayura Simhasanam and place it inside the Chavalakara Mandapam. They adorned the Mayura Simhasanam with flowers and made their obeisance to it and remarked it was looking divinely beautiful. Meanwhile news had reached them that Shri Rejith had reached Palani an hour back directly from his Reunion Island visit.

The team went to meet the LMRK members from Malaysia and Singapore – Mr. Manthira, Mrs. Sarah, Mr. Balachander, Mr. Sekar, Mr. Subra and a few others at the Thiruvavinankudi temple which was about 200 meters away from the Mandapam. The LMRK members had a very good darshan at the temple. They introduced themselves as they were meeting each other in person for the first time in person. Everyone sat together in the mandapam of the temple and had their dinner. After which, the overseas members returned back to their lodging for the night.

The team decided to give up their lodging for the unexpected flow of members to Palani on

Saturday. Meanwhile they received communication that Shri Rejith and Mr. Devan were waiting near the Paadha Vinayagar Temple at the Palani foothills. The team warmly received them and along with Shri Rejith reached the Mandapam.

Shri Rejith was moved emotionally on seeing the Mayura Simhasanam and he bowed to it with great reverence. He closed his eyes and seemed to say a prayer mentally to himself. He then appreciated the team and expressed his happiness about the Mayura Simhasanam.

The team humbly sought Shri Rejith's permission to share the initial pictures of the Mayura Simhasanam through WhatsApp groups to the LMRK members to which he agreed. LMRK members worldwide expressed their delight in having their first glimpse of the divine Mayura Simhasanam. It was almost midnight now and Shri Rejith sat with his team to discuss about the Thiruvizha arrangements and in spite of his long travel from Reunion Island; he energised others and gave them specific directions and assigned individual responsibilities.

Shri Rejith, is a person who leads through example. He went over even the smallest details of the plan with the core team to ensure everything would happen smoothly during the Thiruvizha.

Shri Rejith also took care of his team by making suitable arrangements for their sleep at the hotel; as they had given up their lodging earlier for the other members. The team reached their rooms at 2.15 am to sleep, very well knowing that the grand day had already dawned and the preparation for it would begin in a few hours.

MAYURA SIMHASANAM THIRUVIZHA AT PALANI - 30/09/18.

The epic Thiruvizha started from a simple but a vibrant place in Palani at the Chavalakara Mandapam. The Chennai LMRK members arrived in the wee hours of the morning at 5.00 AM and were happy to see the glorious “Mayura Simhasanam and Thiruvadi” as soon as they entered. The hall reverberated with the chant of “Om Saravana Bhavaya Namaha”.

The Chennai group left for a special early morning darshan of Lord Pazhani Muruga and they were joined by LMRK members from Coimbatore, Bengaluru and other parts of India. They had a wonderful darshan of the Lord and reported back at the Chavalakara Mandapam. Mr. Prabhu had efficiently ensured that the early morning darshan of about 100 members from Tamil Nadu and other International LMRK members would go smoothly by reaching the Palani temple before them and making suitable arrangements. While Mr. Srinivasan ably helped some of the members to their lodging at the Devasthanam guest house so that they could get ready for the big day.

Shri Rejith took care of everyone by providing them with a scrumptious and hearty breakfast. Food for the day had been arranged at the 1st floor of the mandapam. Most of the devotees including international LMRK members had assembled by 8.30 AM. The Mandapam by now wore a festive air with people sitting in groups and eating while the rest assembled in the ground floor excitedly discussing amongst themselves about the Thiruvizha.

Everyone’s eyes were drawn towards the Mayura Simhasanam which had become everyone’s focus of interest. Devotees and LMRK members from around the world

gathered around it to worship it. Some of the devotees sat for a while before it and meditated.

People offered their respect to the Mayura Simhasanam by offering flower garlands to adorn it. The ‘alankaram’ of the Mayura Simhasanam was done with reverence, by some of the devotees and at one point it looked as if it had received a flower Kavacham.

At 9.45 AM the pooja to the Mayura Simhasanam began with the rendering of beautiful songs in Thirupugazh by Shri Simmam Kumar. Shri Simmam Kumar offered a large “Poomalai “(Garland) along with “Paamalai “(Devotional Songs). The rendering of divine songs lifted the atmosphere in the Chavalakara mandapam to one of high spiritual fervour and the devotees filled with emotion and bliss raised their voices together and chanted “Vetrivel Muruganukku Arohara!”.

As scheduled at 10.00 AM the Mayura Simhasanam was lifted and placed in the mini truck for its onward journey to Aivar Malai.

AIVAR MALAI POOJA

The day was very sunny but even the inherent heat of the day could not dampen the spirits of the devotees who reverently followed the Mayura Simhasanam from behind in a cavalcade of cars and other vehicles. The procession stopped at the Vinayagar temple found at the foot hills. Mrs. Sarah Manthira heard the cries of two peacocks greeting the Mayura Simhasanam as it arrived. Here the Kerala devotees who were already waiting to see the Mayura Simhasanam eagerly came forward to welcome it.

Lord Vinayaka is the remover of obstacles (Vignaharatha) so the first obeisance was made to him and the devotees sat for a while in front of his

sanctum and prayed and then stepped out to climb the mystical Aivar Malai.

Aivar Malai also known as Ayirai Malai rose majestically to greet us as we climbed up the steps. The Aivar Malai is about 1400 feet above sea level. There is a pond with sweet water in the middle of hill which hints at possible inhabitation in the past.

Aivar Malai has been praised by many poets in the Sangam age literature: 'Pathitru pathu'. Another myth about this place was that it was named after the 'Pancha Pandavas' (five Pandava princes) who stayed here during their exile.

It is interesting to note that Lord Muruga Peruman had revealed to Shri Rejith that Aivar Malai is one of the few places on earth which contain the Swastika energies. Aivar Malai gains special significance in this regard, as one of the main revelations given by Muruga Peruman is the revival of the association between Kumari Kandam and Mars. This is one such place which can facilitate that through the Swastika energies present here.

The Loudspeakers playing devotional songs on Muruga Peruman along with the cries of "Vetrivel Muruganukku Aro Hara" charged the atmosphere and raised our spirits even more as we climbed our way up the hill. A group of devotees were fortunate to see a bevy of peacocks. We came across a small shrine dedicated to Draupadi Amman to whom we prayed before reaching the cave where the pooja was to be held.

This cave has many inscriptions and Jain Tirthankara images. This used to be a Jain educational institution consisting of Jain preceptors and students dating back to a period between 8th – 10th century AD as written in the

inscriptions given by the Department of Archaeology, Government of Tamil Nadu 2010.

We found a small Sannithi (sanctum) of Lord Hanuman here. The Mayura Simhasanam was carefully carried up the hill and placed in the cave and the LMRK members began to assemble inside the cave facing the Mayura Simhasanam before they took their seats. There was a samadhi of a saint in front of the cave with a Trishul standing near it.

The beautifully decorated Mayura Simhasanam was placed in front of the cave near the saint's samadhi. Shri Rejith placed the Vels of the LMRK members in front of the Mayura Simhasanam so that they could be blessed during the pooja at Aivar Malai.

Shri Rejith started the program by giving us a rousing speech. Shri Rejith said, "This is a mission created and directed by Muruga Peruman. We cannot use our brain or technique for this. We have to follow whatever his instructions are. This is a new style. We know that there are different paths to spirituality. This is a different type of spirituality. Our mission is not to sit on one side and just sing bhajans. Our mission is going to be about doing a lot of work in this world. Everyone become active and energetic as Muruga Peruman has assigned a lot of duties for each soul. As you get the Karthigai energies and with the blessings of Muruga Peruman you will advance both at the spiritual as well at the material level. This is a historic moment, it is a historic moment which this world is going to step into. Only after ten years, you will realize how sacred it was to participate in this holy Thiruvizha. It is only to such a great Thiruvizha I am welcoming you. With Muruga Peruman's blessings let us start the pooja. OM SARAVANA BHAVAYA NAMAHA!".

Shri Rejith's speech touched each one's heart and also made us deeply realize how each one of us has his or her own unique duties to perform in this New Muruga Yugam under the divine guidance of Muruga Peruman. We affirmed what he said by chorusing together 'Om Saravana Bhavaya Namaha'!

The Sivachariar from Madurai Meenakshi Amman Temple gave a talk and performed the pooja by doing the Abhisekham for the 'Thiru Padam' (Holy Feet) with waters from Blue Mountain, Australia. (It is significant to note that Shri Rejith had taken a 'VEL' with him to Blue Mountain on his Australian visit where he had done Abhisekham to it on the Soora Samharam day last year.) It is the same 'VEL' which is now been placed for the pooja at Aivar Malai. This was followed by a rendering of Thirupugazh and Thevaram by the Palani Temple Odhuvar (temple's official singer). Mrs. Ramani joined the Odhuvar and sang some devotional songs. Shri Rejith asked all those assembled to meditate for some time. Aarthi was taken for the Mayura Simhasanam and Thiruneer (Holy Ash) was distributed to everyone who went forward to offer obeisance to the Mayura Simhasanam.

Shri Rejith reverently took the divine 'Thiru Padam' (Holy Feet) in his hands and climbed up the hill further to visit the Kulanthai Velappar temple. The 'Thiru Padam' was taken by the temple priest and placed in the Lord's sanctum and a pooja was performed to receive His blessings. The LMRK members and their families took the darshan of the Lord along with Shri Rejith.

Then everyone climbed downwards and visited the "Vallalar Dharma Salai". The annadhanam Seva was conducted by an ardent devotee of Muruga Peruman Shri Pollachi Siddharthan. Almost 300 devotees partook their delicious lunch at the 'Sanmarka Sanga mandapam'. As

the devotees climbed down to the foot hills they heard the cries of peacocks. They felt thrilled to be given such a divine sign by Muruga Peruman. Some of the devotees conveyed that they had seen a bevy of peacocks on their way back to Palani.

MAYURA SIMHASANAM GIRI VALAM AT PALANI

Palani was once called as Nallimalai in the ancient times. There is a story about how its name changed to Palani. Once Sage Narada brought a celestial fruit to Mount Kailash and gave it to Lord Shiva and told him to give it to any one of his children without cutting the fruit. He also suggested that there would be a competition in which whoever goes around the world first thrice would get the fruit. Lord Ganesha claimed his parents Lord Shiva and Goddess Parvathi to be his world and did a circumambulation around them three times and claimed the fruit. Lord Muruga went around the world on his peacock and came back to Kailash to find that the fruit had already been given to his elder brother Lord Ganesh. This angered him and renouncing everything Lord Muruga went in his 'Aandi kolam' (mendicant form) to stay in Nallimalai. Divine Mother Parvathi consoled her son and pacified Him by saying (Pazham-nee" in Tamil) You yourself are a 'Pazham'(Fruit)". Fruit here symbolically represents universal wisdom. She shared with him about how he had been born from His father Lord Shiva's third eye and that He Himself was wisdom incarnate. It is said that "Phazham Nee" gradually became Palani.

The significance of this sacred Pazhani is that Muruga Peruman himself chose this place to come and stay here. Muruga Peruman gives us darshan as Lord Dandayudhapani at Palani. The Lord in His Navapashanam form heals all his ardent devotees of their afflictions and absolves them of their Karmas. It is significant to note that

Shri Rejith's journey began with his visions of the Bogar Siddhar Samadhi and the Navapashanam Moorthy of Muruga Peruman at Pazhani.

The sky darkened as evening approached bringing with it a gentle breeze and the devotees who once again assembled at the Chavalakara Mandapam were delighted to see a royal golden coloured chariot led by a team of four horses in the front. Each horse was crafted to look very real. It was indeed a glorious sight to see the chariot holding the Mayura Simhasanam decorated with flowers, colourful lights and mirrored ornaments complete with a beautiful arch at the back. Shri Rejith stood along with the Mayura Simhasanam and held a 'VEL' in his hands. An Aarthi was performed by Shri Rejith to the Mayura Simhasanam before the procession started.

The Giri Valam began from the Moondravathu Padaiveedu Thiruvavinankudi temple in Palani Adivaram at 6.00 PM with the royal procession of a flower festooned, colourfully lit chariot, carrying the divine Mayura Simhasanam with the 'Thiru Padam' (Holy Feet) of Muruga Peruman placed on it. It stopped at the 'Patha Vinayagar' temple to perform a pooja before it proceeded to complete the Giri Valam.

A group of more than 60 people led by Mr. Bhaskaran had come from Kerala to participate in the Giri Valam with three of their giant 15 feet Kavadis to honour the Mayura Simhasanam. The Kavadi which weighs about 80 kgs needs three people to lift it. However, during the Kavadi Attam, only one person carries it on his head and dances along with burning camphor in his hands.

The dancing giant peacock feathered Kavadis from Kerala, the Dhaval musicians led by Shri Marimuthu performing on stilts with a quartet of Nadaswaram musicians leading the procession was indeed a sight to behold! LMRK

members raised their voices in unison to sing and praise Muruga Peruman as they followed the royal procession with great spiritual fervour.

The Giri Valam lifted the atmosphere to one of celebratory fanfare and spiritual splendour. Devotees came forward in the streets to take Aarthi and darshan of the Mayura Simhasanam with the 'Thiru Padam' on it. The media came forward from various channels to interview Shri Rejith for their press coverage.

In the middle of the Giri Valam, Kalaimamani Shri Gangai Amaran joined the procession. Shri Rejith climbed down from the chariot and welcomed him lovingly to take the Aarthi for the 'Thiru Padam'. The Giri Valam proceeded further and covered many other temples on the way and finally reached the Vinayagar temple from where it originally started. Rain had been forecasted but the Giri Valam was completed in 1.5 hours without any weather-related impediments due to divine grace.

Thousands of people witnessed the auspicious Giri Valam event and were blessed by Muruga Peruman.

FUNCTION AT HOTEL GANPATH GRAND, PALANI

A grand function was organised with many local as well as international dignitaries at Hotel Ganpath Grand, Palani. DARSHAN AT PALANI ARULMIGU SHRI DHANDAYUTHAPANI TEMPLE (01/10/18)

Mr. Mangala Prabhu seamlessly coordinated with Mr. Kaliappan, who is a senior officer in the Palani Devasthanam to ensure a wonderful darshan at the Palani Shri Dandayudhapani Temple on both the days. It is significant to note that the LMRK Trust had arranged the darshan for 180 of its members on both 30th and 1st, by arranging tickets for Special Morning darshan with each ticket costing INR 150. The special darshan ensured that the LMRK members could have a 20-minute darshan in front of the main sanctum of Lord Pazhani Muruga and receive the specially blessed Thiruneer directly from the temple priests.

On 01/10/18 about 80 members from Kerala including Shri Rejith's family along with a few members from Chennai felt amply blessed after their morning darshan at the temple. It was wonderful to see the selfless loving attitude of Shri Rejith's family who seamlessly mingled with the LMRK members.

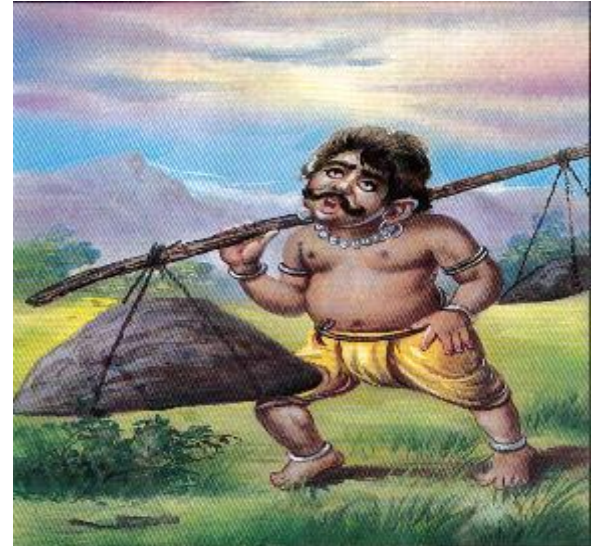

The LMRK members all over the world became one family after the Mayura Simhasanam Thiruvizha, united in their love for their beloved Muruga Peruman. The pradishta of the Mayura Simhasanam will be an epic moment in our lives. We are indeed blessed to be co-creating history under the direction and guidance of Muruga Peruman through Shri Rejith where each soul will carry out its unique responsibilities to usher in the New Muruga Yugam.

OM SARAVANA BHAVAYA NAMAHA

KAVADI ATTAM

The Kavadi Attam (dance) dates back to ancient times. Lord Shiva had once instructed Saint Agastya and entrusted him with two hillocks

Shiva Giri and Shakthi Giri and had asked him to place it in Southern India. The sage left them in a forest and later asked his disciple, Idumban, to get them. Idumban slung both the hillocks Siva Giri and Shakthi Giri on his shoulders and carried

Idumban carrying Shiva Giri and Shakthi Giri
it across the shoulder one on each side.

When he neared Palani, he felt tired and placed the hillocks down to rest. When he wanted to resume his journey again, much to his astonishment and dismay he could not lift them! Lord Muruga who had come to reside in Palani in 'Aandi Kolam' as young boy (dressed as a mendicant) stood on the hillock and refused to move. This prevented Idumban from being able to move the hillocks. A fierce battle ensued

Idumban Shrine at Palani
between the little boy and Idumban in which the

latter was slain and later restored back to life. Idumban, the Asura disciple of Agastya belatedly recognized that the little boy was none other than Lord Muruga Himself and beseeched His mercy. He prayed to Lord Muruga that whosoever carries their Kavadi slung across their shoulders in the way he carried the two hillocks and visits Lord Dandayudhapani of Pazhani on a vow should be blessed and that he Idumban should have the privilege of standing as a guard at the entrance of the sacred Pazhani Malai. There is a shrine for Idumban half way up the hill where pilgrims who carry the 'Kavadi' pay obeisance to him before going up the Pazhani Hill to take darshan of Lord Dandayudhapani.

The symbolism of carrying the Kavadi or 'burden' on one's shoulder is that the devotee after several spiritual austerities surrenders his troubles to the Lord and asks Him for a reprieve. In the Mayura Simhasanam Thiruvizha we saw a glorified version of the Kavadi. The gigantic

Peeli Kavadi Attam by Shri Bhaskaran at Thanikudam, Kerala

peacock feathered Kavadi's which graced the Giri Valam left all those who participated in it awestruck. To know more about this, we decided to ask the person who danced the Kavadi Attam to describe his inspiration towards this sacred art form. Mr. Anil from the editorial

team has collected these details directly from him.

Shri Bhaskaran carrying the Kavadi with two lamps in both his hands

Kavadi Attam (dance) in this special way is famous only in Thrissur. Mr. Bhaskaran who led the team of nine Kavadi dancers in the Giri Valam is 58 years old and a father of two. He resides with his family in Thanikudam, a place near Thrissur. Though he has been working in the gulf for 20 years now; he recalls how right from his childhood he used to watch the Kavadi Attam. He suddenly fell silent while speaking to Mr. Anil and then shared that his deepest desire is to pass away while dancing the Kavadi Attam for Muruga Peruman. From this we can sense how sacred the holy Kavadi Attam is for him and how ardent a devotee of Muruga Peruman he is. He shared that he observes a 21 day fast where he undergoes several spiritual austerities before he performs the Kavadi Attam. The Kavadi he uses right now is made of Red wood and has 13 steps. It is about 15 feet in height and weighs about 80 kgs. Each of these Kavadi's cost about 1.5 - 2 Lakhs. It is called "Peeli Kavadi" as it is crafted with peacock feathers. In Thrissur it is called "Ambala Kavadi" or "Poo Kavadi". Its old name is "Basma Kavadi".

Shri Bhaskaran doing the Kavadi Attam with burning camphor in his hand

He started dancing the Kavadi from the tender age of 12. He normally dances from 9 am to 12 pm and at night from 8.30pm to 1 am. In spite of health issues he is adamant to dance the Kavadi till the end of his life. He individually lifts this gigantic Kavadi on his shoulders and holds burning camphor in both his hands while dancing.

Kavadi Attam dancers performing at Thanikudam, Kerala

When the dancing goes to a high fervour, he breaks the coconut and drinks its water. Another

way he wants to perform is to be blind folded and dance with camphor in both his hands in front of Baghawathi Amman Temple in Thanikudam, Kerala. He is not doing this Kavadi dance for materialistic reasons but rather due to his love and devotion towards it. He would like everyone to know the significance and sacredness of it.

KERALA DEVOTEES EXPERIENCES – MAYURA SIMHASANAM THIRUVIZHA

Nearly a 140 LMRK members had come from Thrissur and Mavelikkara. Some of the devotees from Kerala have come forward to share their fond memories of their experiences on this sacred day. We are narrating these accounts as given by them.

- 1) **Mrs. Roopa Panicker** an engineer by profession hailing from Mavelikkara (South Kerala), came to know Shri Rejith Kumar from May 2017 with divine guidance. She remarked that it was an unexpected travel or opportunity to participate in the holy Thiruvizha and to meet Shri Rejith for the first time. She found a true guide in Shri Rejith, as he used to offer her timely solutions, which gave her great solace. She felt that the atmosphere in Palani on the holy Thiruvizha day was spiritually elevated, and it helped to stimulate unconditional love at all levels - body mind and soul.

She still feels bliss when she recalls the healing session, she received from Rejith ji. Even though she had gone through several healing modalities, the healing session of Rejith ji was entirely different – she felt as if she had been mentally shifted to a timeless place, she could inwardly sense the healing energies balancing her chakras and cleansing the negative energy and releasing the energy blockages. He always advised her to

be happy, stay positive and always trust God. She was overjoyed when Shri Rejith after a few days spoke to her over phone and told her that her aura has been cleansed and that she could now receive Muruga Peruman's blessings directly.

She was able to climb Aivar Malai, do Giri Valam with ease inspite of not having her usual back belt support. This definitely seemed a miracle to her! She strongly believes that the divine grace and blessings of Muruga Peruman made even the impossible a reality.

She narrates that after the pooja and Abhisekham were completed in the Aivar Malai cave; the devotees came forward to have the darshan of the Mayura Simhasanam and get the sacred Thiruneer (Holy Ash). At this time, someone had kept a cloth in front of the Mayura Simhasanam to collect money without the knowledge of Shri Rejith. When it came to his notice, he immediately asked the person to remove it as it was not instructed by Muruga Peruman. This left a deep mental impression in her that one is to follow the divine guidance come what may.

The impression which most struck her was how down to earth Shri Rejith's entire family were. She felt Muruga Peruman was demonstrating through Shri Rejith's family the value of staying grounded inspite of the respect and awe people have for them.

She felt very happy to have met many likeminded souls and believes that there must be some past life connection to feel such a kinship with people she had only just met. She got the benefit of deepening her knowledge about Siddhas and their importance.

She met some spiritually like-minded people like Mrs. Sowmya Nikhil with whom she felt an immediate kinship, the innate sense of security she felt with Mr. and Mrs. Kollur Mookambika Swamy. She cherishes the kind heartedness of Mrs. Bhavani Latchoumy who gave her a rare opportunity to get blessings from the Madurai Meenakshi Sivachariar, and the acquaintance of Dr. Preethi a Varma Healer, Mrs. Mary and Mr. Krishna Kumar from Bengaluru. She felt the meeting of such spiritually aligned souls led to an inner transformation within her. Mrs. Roopa believes that Muruga Peruman through his chosen divine instrument Shri Rejith is transforming all souls to spiritually advanced souls.

- 2) **Mrs. Srilatha** a teacher by profession and owner of a middle school in Kerala shares, that indeed it was some past life connection which made her connect with Mrs. Roopa and her family. She had initially gone to meet Mrs. Roopa to persuade her to come with her to Tirupati but the divine had other plans in store for her. She felt she should drop the plan to go to Tirupati and found herself being drawn to the idea of accompanying Mrs. Roopa and her mother to Palani. She further shared that after her visit to Palani she found a sense of deep calm and peace despite many challenges in her life. She felt some of her beliefs had changed for the better and that she had transformed from within in a positive way after attending the Mayura Simhasanam Thiruvizha and felt grateful for the blessings of Lord Pazhani Muruga.
- 3) **Mr. Anil Kizhakkupuram** who works as a senior service executive in a German company, travelled with a group, consisting of his sons, his nephew Mr. Vishnu and friend Mr. Muralidharan from Palakkad. He had boarded the early morning train at

Palakkad at 4.30 AM and reached Palani. He then enquired with his friends the direction to reach Aivar Malai. He was advised by friends to take a bus through Udumalaipet and reach a place called Papampatti which is 3 kms away from Aivar Malai. There were no autos to transport them and to their astonishment a person suddenly approached them from behind and enquired whether they were going to Aivar Malai. When they replied in affirmative, he showed them a Kerala registered two-wheeler and asked them to use it to transport themselves to Aivar Malai and back. It was indeed a stunning experience for them as they had no idea, that this timely help would come from one of Mr. Anil's friends with whom he had initially enquired regarding the way to Aivar Malai. He was amazed that even before he had stepped into this sacred place called Aivar Malai a miracle had happened!

Aivar Malai is otherwise known as Ayirah Malai. It is named after Goddess Ayirah Devi. They were the first to reach Aivar Malai. To show their team members they had reached there they took 'Selfies' and sent it to the group. They were happy that they were able to guide others to reach Aivar Malai. His children ran freely up the hill to the Pillayar temple. It was almost as if they were taken to meet their family members and it was a familiar place they had always known. When they came up close to the caves, they could realize that this was the place the Pandavas (Pandava princes) had stayed during their exile. They found at one place the cave was closed perhaps to avoid people getting lost in it. They saw the reliefs and inscriptions on the cave relating to the Siddhars and Jain saints. Mr. Anil firmly believes that this is a place frequented by Siddhars and states that it is indeed a "Siddha Bhoomi".

He concluded saying that it is indeed a blessed opportunity for him and his son to carry the Mayura Simhasanam up the Aivar Malai and then back. When the mini shipment truck carrying the Mayura Simhasanam started its journey towards Palani again after the Aivar Malai Pooja; he, as well as other LMRK members could hear the cries of the peacock which flew and alighted near the banyan tree. This made him and all those present there very happy as they took it as a divine blessing from Muruga Peruman Himself.

- 4) **Mr. Devan** who works as a director in a German company felt that though he did not have any specific experience to talk about he felt the events during the Mayura Simhasanam Thiruvizha was very highly charged with divine energies. He also observed that many ardent devotees of Lord Muruga could meet and speak freely about their experiences and views about LMRK with one another and this had helped to create a bond among such likeminded people.

SHRI REJITH KUMAR – A DIVINE INSTRUMENT OF MURUGA PERUMAN - PART 2

In the last issue we had spoken about who Shri Rejith is, his spiritual journey from the year 2005 till date, the places he visited under the directions of Muruga Peruman and some of his mystical experiences. Let us look at the revelations Muruga Peruman has given to Shri Rejith and his service to humanity in this issue.

Revelations of Muruga Peruman in the New Muruga Yugam

Muruga Peruman has been giving messages and revelations to Shri Rejith which are directly relevant to us in the New Muruga Yugam. It is important to know and understand these because they signify the underlying ground work which is being prepared to help humanity raise

Nandi Devar

Maha Avatar Babaji

its spiritual awareness and help people to receive guidance from Muruga Peruman Himself in this Yugam. The revelations given by Muruga Peruman to Shri Rejith have been classified as follows:

1. **Each Siddhar has been assigned a specific duty in the New Yugam** - The New Muruga Yugam is to last for the next two thousand years. Muruga Peruman has revealed to Shri

Rejith; that he has arrived to protect the world during this period with the help of Siddhars; who have each been, assigned a unique responsibility. For example: Nandi Devar has been made responsible for World Politics and Maha Avatar Babaji for World peace. Those who are from a political background can benefit by worshipping Nandi Devar and getting his blessings.

As per Shri Rejith the Jalikattu Movement in Tamil Nadu was indicative of Nandi Devar's commencement of duties on earth.

2. **Bogar Siddhar and Lao Tsu** - Muruga Peruman has disclosed to Shri Rejith that Bogar Siddhar and Lao Tsu are one and the same. Shri Rejith could experience this during his visit to Singapore. Lao Tsu is the founder of Taoism. Taoism is based on the Ying-Yang principle, where Lord Shiva's energies are worshipped as the Pancha bhootha (5 elements) and Mother Sakthi's energies are worshipped as Mother Tao.

Bogar Siddhar

Lao Tsu

3. **Power of Ugra Murugan** - In the year 2015, as directed by Muruga Peruman, Shri Rejith visited Thailand, where he received a mystical picture of Muruga Peruman, having

very high vibrations. Sri Rejith states that this picture will give the energy for the New Muruga Yugam. It will benefit politicians and people of power immensely when they have it with them. This will be given to them only after receiving permission from Muruga Peruman.

4. **Significance of Swastika** - The Swastika symbol is one of the most ancient symbols in the world; with its origin from the Kumari Kandam period. The two lines of Swastika symbol, represent the Pleiades (Karthika) Star energies and Saptha Rishi Mandalam (Big Dipper) energies respectively. Both these constellations are the most powerful energies in the Milky Way. The balance of both these constellations is very crucial and significant for the Universe and this can be found in the Swastika. This makes the Swastika a very powerful symbol.

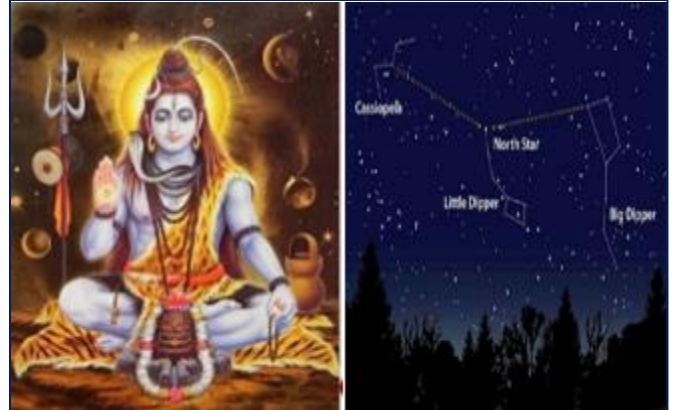

Swastika Symbol

Shri Rejith from his experience states that receiving the Swastika energies has helped him relate to different time zones. Thus, making time travel possible.

5. **Northern Star Mothers** - The beginning and end of this universe is at the center point of the Swastika. This power is known as “Lord Shiva”. He pervades over the entire cosmos in a formless state. The Siddhars consider

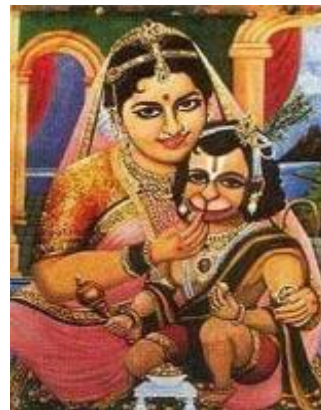

Lord Shiva as the Supreme Soul and Lord Muruga as their Guru.

Lord Shiva

Northern Star (Adhi Parasakthi)

Lord Shiva represents the essence of the Divine Masculine in the center point of the Swastika and the Northern Star (Mother Adhi Parasakthi) represents the Divine Feminine. The Mothers of those children who contributed significantly to

Divine Mother Anjana Devi with Hanuman

the welfare of the world have the divine energy of the Northern Stars in them. The Mother of Lord Hanuman, Aadi Shankaracharya and the Mothers of Divine souls who led other religions have the Northern Star

energies within them. The children who were born of the Shiva-Sakthi energies came from the center point of Swastika. They spiritually uplifted the world and led humanity.

6. **Significance of the Mac Ritchie Reservoir** - Shinto shrine, Mac Ritchie Reservoir in Singapore possesses the energies of Swastika Center Point, Pancha bhootha and Mother Tao. Pancha bhootha energy is Lord

Shiva's energy and Mother Tao is Divine Mother Shakthi's energy. Shri Rejith says, that the Shiva-Sakthi energies are fully present here at Swastika center point, in the Mac Ritchie Reservoir, Singapore.

Shri Rejith meditating at Mac Ritchie Reservoir

Mother Tao

During his meditation here, Shri Rejith received healing powers and the ability to advance people spiritually. He states that the Mac Ritchie Reservoir would soon come to be known as a sacred place.

7. *Significance of the Australian Visit* -

Muruga Peruman has revealed to Shri Rejith that Australia is an important place in the New Muruga Yugam and has made some disclosures in this regard. They are:

Shri Rejith meditating at Blue Mountain

- Australia was once part of Kumari Kandam where the epic battle between Muruga Peruman and the Asura King Surapadman took place. The impression of Muruga Peruman's Holy Feet can be found here.
 - Australian soil contains the power of Kumari Kandam. The soil here has a direct connection with the Karthika Star.
 - The Karthika Star cluster energy otherwise known as the Pleadian energies is present especially in Blue Mountain, Australia.
 - Kariong in New South Wales, was a place where ancient Egyptians once lived. It is a place possessing high energies which are useful for 'Time Travel'.
 - Lion Island at New South Wales, Australia, holds information regarding Kumari Kandam. Shri Rejith has requested the people of Australia to go to Blue Mountain and meditate on 'Om Saravana Bhavaya Namaha'. He says that this will bring progress in material as well as spiritual life.
8. **Kumari Kandam and Mars Relationship** -

Lion Island, New South Wales, Australia

Muruga Peruman through Shri Rejith has conveyed several startling insights relating to the ancient Kumari Kandam and its close relationship with Mars. They are:

- There was life on Mars during the period when Kumari Kandam existed on earth and that they were in contact.
- Kumari Kandam and Mars are closely related like Shiva - Sakthi energies or the Ying and Yang energies.
- Lord Lakshmi Narshimar's blessings will be essential for knowing secrets about Mars.

**Shri Rejith meditating at Kariong (L)
Egyptian Inscriptions at Kariong (R)**

- 'Water' can be found on Mars near a lion like formation i.e. (hill, rock or cave).
- Humans can acclimatize to living on Mars by using the ingredients of Dashapashanam. The idol at Poombarai Murugan Temple is made of Dashapashanam. This ingredient will be helpful in for research in studying the feasibility of living on Mars. Shri Rejith further states that he can support and provide further details required for the research with the help of Muruga Peruman.
- 'Mars Day' is to be celebrated on the 9th of August every year by wearing clothes which are red and blue in colour.
- 'Kumari Kandam Day' is to be celebrated on the Soora Samaharam Day every year to venerate our Kumari Kandam ancestors.

Other Revelations

- Muruga Yantra installed by Saint Agasthiyar is at Silbury Hills near London.
- Dragon Hill at UK is considered to be a gateway to the other world.

- The sand present in Kathirgamam, Sri Lanka, is not from earth but from outer space.
- Anjaneyar Hill is abundant with Karthika Star energy, Shri Rejith states that it will come to be known as a sacred place soon.

Lord Palani Murugan Sri Lakshmi Narasimhar

SERVICE TO HUMANITY

Shri Rejith was given permission by Muruga Peruman in the year 2013, to serve humanity by:

- Healing illnesses and solving issues of other people through prayers. He does not prescribe any medicine but prays to Muruga Peruman. He asks the patient to visit specific places as per Muruga Peruman's instruction and offer prayers. He has cured diseases like cancer through his prayers to Muruga Peruman. He is doing this as a service with the blessings of Muruga Peruman and does not charge any money.
- He resolves business related issues by performing the Pancha bhootha Pooja.
- He helps raise spiritual vibrations by leading weekly meditations globally, every Sunday at (10.00 -10.15) AM (Indian Standard Time). He guides people to directly receive the Karthika or Pleadian energies by chanting

the sacred Mantra '*Om Saravana Bhavaya Namaha*'. This will help us to progress in our lives in all aspects.

Shri Rejith is a true representative of Divinity at work. He has been working tirelessly, with a pure spirit of service; out of a deep love for Muruga Peruman. We are indeed blessed to work for Muruga Peruman through LMRK and who better than Shri Rejith to show us the way forward.

OM SARAVANA BHAVAYA NAMAHA

- Written By: Mrs. Sowmya Nikhil

THE SIGNIFICANCE OF CHANTING OM SARAVANA BHAVAYA NAMAHA

A Mantra is that which uplifts one's soul by repetition. Most Mantras are prefixed with 'OM', the primordial sound. 'Om' also known as the seed mantra signifies the four states of human consciousness. They are: (1) the Awakened state (2) Dream state (3) Deep sleep state and (4) Thuriya (Pure Consciousness State). Thuriya state is the Consciousness that pervades all aspects of our life and represents the Infinite Supreme One.

'Nama Smaran' (Chanting of the Divine name) and 'Nama Sankeertan' (Singing about Divinity) are two of the easiest ways to reach God and attain salvation.

The mantra can be chanted verbally or mentally. This is called as 'Japa'. As the practice evolves, one will experience the essence of the mantra staying within them all the time. A feeling of bliss or contentment will pervade at all levels. This constant awareness is Ajapa-Japa of the mantra.

Maha Mantra for Lord Muruga

According to the Kantha Puranam written by Kachiappar Sivachariar, Lord Shiva narrated to His beloved Divine Consort Goddess Parvathi thus "Lord Muruga has been born of the sparks from My Divine eyes. As He gained a definite form in the Saravana Poigai (lake), He will be known as 'Saravanan'. He is none other than Me. He will also be omnipresent. He can take any form and He will protect all those who surrender unto Him. My Panchakshara (Five Syllables – Na Ma Si Va Ya) and the Taraka Mantra (Om) have united to become Shadakshara (Om Sa Ra Va Na Bha Va) for Him".

Agastya Siddhar, who mastered this mantra, revealed the significance of the mantra " Om Saravana Bhavaya Namaha " thus:

Om – represents the infinite, that all aspects of life are intertwined.

Sa- this syllable helps you gain the power to attract all individuals to your side.

Ra- this syllable helps in bringing wealth and prosperity in your life.

Va – this syllable dissolves competition, disease, debts and your physical discomforts.

Na – this syllable stops problems before they appear.

Bha – this syllable brings charm in the life of the practitioner.

Va - this syllable clears adverse effects from all planets.

Ya- is suffixed to the mantra to make it complete.

Namaha – It translates to “I salute”. (Obeisance or Namaskar to the Devata).

Lord Muruga

Effect of chanting ‘Om Saravana Bhavaya Namaha’

It is significant to note, that in this New Muruga Yugam, Muruga Peruman through Shri Rejith Kumar has reiterated the importance of this mantra. Shri Rejith leads the meditation of this mantra globally every Sunday at (10.00-10.15) am (Indian Standard Time). He states that the chanting of this mantra will help us to directly tap the Karthika Star or Pleiadean Energies.

Chanting ‘Om Saravana Bhavaya Namaha’ is like making a direct telephone call to Lord Muruga. This will automatically invoke His grace and will improve our lives both at a worldly as well as at a spiritual level. It will help us to discern and establish in our consciousness that we are all divine beings in a human form.

MURUGAN – The GREAT PROTECTOR AND HEALER

Lord Murugan is said to have incarnated to protect the Devas and destroy the Asuras. Lord

Muruga is an amazing healer of the body, mind and soul of his beloved devotees. The sincere faith of the devotee invokes the Lord’s grace to cure all ailments be it physical, mental, emotional and psychological. Let us look at how, Muruga Peruman intervened in some of his devotee’s lives to heal, protect and ultimately liberate them.

1. **Saint Arunagirinathar** was born during the 15th century in Thiruvannamalai and spent most of his life there. According to the records, Arunagirinathar was attracted towards lust and spent his youth in pursuing an immoral life. It was said that since he was enjoying his life in dissipation, he began to suffer from leprosy. People started hating him and even avoided him. He decided to end his life, went to the Thiruvannamalai temple and hit his head against the pillars begging for forgiveness. He considered jumping to his death from the temple tower but according to the puranas, Muruga Peruman appeared before him and prevented him from committing suicide. He cured His leprosy and blessed him to create devotional songs for the benefit of mankind. Arunagirinathar

Saint Arunagirinathar being blessed by Muruga Peruman

rendered his first song '**Mutthai tharu**' after the miraculous rescue from suicide, at Thiruvannamalai.

2. **Kumaragurupara Swamigal** was born in Tirunelveli, Tamil Nadu. His parents Shanmuga Sikamani Kavirayar and Shivakama Sundhari Ammaiyar, did not have a child for a long time. They worshipped Lord Murugan of Thiruchendur. By the grace of Lord, they gave birth to their son Kumaraguruparar.

Kumaragurupara Swamigal

The child did not speak until his fifth year. The worried parents again took their pleading to the presence of the Lord of Thiruchendur. They were tired of waiting for their son to begin talking and decided to drown themselves along with their child if he would not speak by a particular day. The day dawned, and the parents along with their child entered into the sea deep enough with the waves lapping over their heads. Suddenly, a human form appeared with a flower in his hand and asked the child what it was. Astonishingly, the child began to not just speak, but instead the child burst into a song in praise of the Lord with the words

'Poomevu senggamalap...' - the opening lines of Kandhar Kalivenba.

3. **Devaraya Swamigal** was born in Vallur, Tamil Nadu. His parents who did not have a child for a long time, were blessed with a charming male baby. His father named him as Devarasan (later known as Devarayan) as his looks rivaled that of Lord Indra (King of Devas) in elegance. During his early twenties, he went to Bangalore and established business and was earning huge wealth. He also learnt Tamil literature from various scholars, while he was living there. Suddenly, one day, Devaraasan got unbearable pain in his stomach. This could not be cured by any medicinal system much to his dismay. He then realized, that this was something out of the ordinary; similar to saint Thirunavukkarasar's stomach pain; and could get cured only through the grace of God. He then, decided to have the darshan of Thiruchendur Murugan; to get a reprieve through His grace. It was on the first day of Sashti, when he reached in front of the merciful Lord, that his stomach pain started reducing slowly. Devaraya Swamigal melted at the boundless grace of the Great Lord, started singing the Kantha Sashti Kavasam; with tears of happiness rolling down his cheeks uncontrollably. He sang one Kavasam a day about each padai veedu and completed singing all the Kavasams by the sixth day.

Devaraya Swamigal

There are various instances and stories from puranas and even in real life to show the greatness of lord Karthikeya (Muruga). It is very important to seek protection for ourselves at all levels. One of the best ways to get protection is to surrender ourselves to Muruga Peruman. It is important to remember that our protector Muruga Peruman is always with us.

The light of Karthikeya surrounds us.

The power of Sakthivel protects us.

The love of Kumaran enfolds us and

The presence of Vadivel watches over us.

WHEREVER WE ARE, MURUGAN IS.

DEVOTEE EXPERIENCES

- 1) Oh, most Supreme One and Guru of all Siddhars! I Pray and bow to thee!

I am an Indian. I live in Canada. I worship Bogar Siddhar Mahan, and I chant the Shanmuga Kavacham written by Pamban Swamigal. I perform a special pooja for Lord Dakshinamoorthy every Thursday. I have a small picture of Lord Pazhani Muruga in Raja Kolam (Lord Muruga in Kingly attire) in my pooja room.

When I do my daily prayers early morning the picture appears to me as different images in my vision. Since, this has been happening for the past one and half years, I decided to browse through the Internet to see if I could get some information on it. Luckily, I happened to watch Rejith ji's program in 'Moondravathu Kann' program through Vendhar channel. I was impressed and reached out to him to share about the visions I have been experiencing about Lord Muruga. Rejith ji expressed his surprise and happiness and asked me look at his website www.lionmayura.org.

Later, when I browsed through this website, to my surprise; I was stunned to see all the images I had in my vision earlier to be there. Rejith Ji said it was Lord Muruga's deed to put me in the LMRK project and I joined Rejith ji's Lion Mayura Royal Kingdom.

The images that came to me as a vision while doing my prayers were that of Lord Buddha, A Lighted lamp, Lord Perumal and Mother Mary. All these images had emerged from the small Palani Muruga picture that I have.

While doing my Surya Namaskaram (Invocation to the Sun God), the word 'SUBRAMANIAN' appeared in silver letters in the sky. Next, when I was worshipping, a shining star popped up on

Bogar Mahan's photo present in the 18 Siddhar picture that I have. On another day, in my prayers, I had a vision of Kanchi Maha Periava on the Pazhani Murugan picture. I also saw a Viswaroopa Kamadhenu image with Maha Periava sitting on each of its parts and in the center was the Raja Kola picture of Lord Muruga.

"Muruga" – chanting His name alone activates my chakras. Navapashanam Moorthy of Pazhani Muruga Peruman with the help of Siddhars are playing a vital role in ushering in the New Muruga Yugam. We human beings are blessed and fortunate to be in this time period and must work together under the guidance of Lord Muruga to bring this to fruition.

2) Experiences During Distributing LMRK Flyers

I went to the Bhuvaneshwari Temple at Mississauga, the only North American Temple which has the biggest Sree Maha Meru Chakra; which is placed before Goddess Bhuvaneshwari.

The priests (Gurukkals) seemed to welcome me with a warm expression as I went to invite them for Lord Muruga's Mayura Simhasana Thiruvizha. The people and temple authorities voluntarily came forward and asked me what the flyer was about.

Every full moon day (Pournami), there is a special pooja involving chanting Lalitha Shasranamam and after the Pournami pooja the devotees can view the light that illuminates under the Goddess Bhuvaneshwari's right eye. This has been going on for every Pournami. The entrance of the temple has Lord Murugan and His consorts Valli and Devayani. The idol faces are carved with so much care that each idol

speaks to you in volumes. The priest placed the flyers at Lord Murugan's feet and one flyer behind the Vel. When the pooja was performed; the priest gave us some flowers and asked us to place them at God's feet and while doing so Lord Murugan showered the flowers from his garland on the flyers. The priest said, "**Baghavanin Paripurana Utharavu**" (complete directive and blessing from the Lord) and further commented that Murugan had chosen their temple to receive the invitation and that he was very much pleased.

This was my first visit to this Bhuvaneshwari Temple. I stepped out of the temple with a full heart; feeling blessed. It is indeed, Lord Muruga who made me attend the Pournami Pooja which is very important for Siddhars. (Bohar Mahan worshipped Goddess Bhuvaneshwari).

I next visited the **Katpaga Vinayagar Temple**. The Temple owner is usually very busily involved with Pooja duties. However, on that day he received me with a great smile and came towards me as if he was already aware of the Lord Muruga's Simahasana Thiruvizha and enquired about the flyer. I explained about the Lord Muruga Perumal's Mayura Simhasana Thiruvizha; when he at once asked the priest to do the pooja keeping the flyer at the Holy Feet of Lord Ganesh (Pillaiyar). He then took the flyer from me with a happy expression. It seemed to me that the happiness he expressed was as if he were getting the invitation from Lord Muruga Himself. He announced about it publicly and placed it on the notice board.

When I came out of the temple; a gaggle of seven geese flew very closely over my head with their voices raised. It seemed to me as if it were a blessing from the Karthika Stars (Karthigai Pengal). I had goose bumps all over me. It was a beautiful moment of epiphany for me and I have no words to describe that feeling.

3) Mayura Darshan

Lord Swaminathan is our family deity. We have been observing the fast (Karthigai viratham) for the past three generations in our family and by His grace it will continue.

My everyday prayers contain many “slokas” and one of them is “Kandhar Anupoothi”. Some times when I close my eyes and chant the word “Aadum parivel”, the vision of peacock with its wide spread plumage, appears in my mind’s eye and enchants me.

The Aarthi song sung during our family pooja is “Aariru Thadanthozh Vazhga” (song invoking Lord Muruga’s protection).

I feel that it is significant to share, that for the past few years, I have been having a strong feeling that Lord Muruga is going take hold of the rule of our country directly and this will be accomplished with the help of His brother and aide Veerabahu, who can enforce and executes His orders and instructions efficiently.

4) Shri Rejith’s guidance helped my son to get a place in the ‘Under-16’ Cricket team of the Kerala State Academy

With Muruga Peruman’s grace and under the guidance of Shri Rejith, Akash, a 10th standard student, and a native of Kerala got selected in the state level cricket team of Kerala Cricket Academy in the under-16 category. He had

completed schooling from his 4th – 9th standard at Coimbatore, it being the native place of his mother. During his school days at Coimbatore, he showed a keen aspiration towards cricket and started playing in an ‘Under-14’ state level team in Kerala. To fulfill his ambition of becoming a state or national level player, his parents approached Shri Rejith in Thrissur, after their first meeting with him at Anuvavi Subramanian temple, Coimbatore. They were accompanied by Mr. Ramesh, a LMRK member of Coimbatore.

Based on the guidance from Shri Rejith, they prayed at Palani, Aivar Malai and Sri Adhi Sankara Mutt at Kaladi. His mother said after these prayers, her son got his admission in the 10th standard at the Cricket academy school, Thodupuzha, Kerala. He finally got selected as a special case in the ‘Under-16’ team after facing some initial challenges in the selection process; for which Shri Rejith had made a prayer. She also narrated that her mother was suffering from pain in the knees and after Shri Rejith’s healing; she was able to attend the Palani Mayura Simhasanam function along with Akash’s parents. She felt strengthened by her level of recovery and with a strong mind was able to climb Aivar Malai with ease. All these events made Akash’s mother Mrs. Dhanalakshmi continue her prayers and visit many Murugan temples like Kurunthamalai temple. She teaches Bharatha Natyam and Yoga and her husband works in the Accounts section of a pharmaceutical company.

Akash and his parents are very happy for the support and guidance given by Shri Rejith.

MY EXPERIENCES AT SANKARA MUTT WITH SHRI REJITH KUMAR

Though Kanchi is the closest city to Chennai, my visits can be easily numbered to a handful of times. When I was living in Cuddalore, I had made a few trips, during my school days with my family and then later with my guru and famous writer Shri Balakumaran. My previous visit was with my wife and children. It has always been a visit to the Kanchi Kamatchi Amman temple.

Shri Rejith Kumar at Kanchi Mutt

Each trip had some significance but my recent visit on the 21st of September to Kanchi Mutt with Shri Rejith is one that I will always cherish. He asked me to accompany them on this visit and to this I agreed without a second thought. I felt sometimes fruitful events happen without prior planning and this happened because of Shri. Rejith and Mr. Prabhu.

This visit was organized by Mr. Prabhu for introducing Shri Rejith and the LMRK mission to Sri Vijayendra Saraswathi Swamigal (Bala Periava). I really have admiration for Mr. Prabhu who had organized this trip so well. I felt blessed to be with our captain Shri. Rejith, who always made me feel that I was protected by the

Divine. The vibrations and experiences I had felt from the moment I met Shri. Rejith till I departed from the place (12.00 noon to 10.00pm); cannot be merely explained in words.

Shri Rejith Kumar with His Holiness Sri Vijayendra Saraswathi Swamigal at Kanchi Mutt

Kanchi puram is one of the five Pancha bootha Sthalams. Kanchi gives different experiences for different people. Pancha Bhoota Sthalams represent the five prime elements of nature: land, water, air, sky, and fire. Kanchipuram represents the earth element. This was my first visit to Kanchi Sankara Mutt.

In the Sankara Mutt, we first cleansed ourselves and then proceeded to worship the Margatha Lingam (Lord Shiva) whose pooja is performed only by the His Holiness Sankarachariyars. We then went inside to meet Bala Periava. Though there were a stream of devotees waiting outside; with the help of Mr. Prabhu we could meet Bala Periava effortlessly. As we were a little late from the actual appointment time we could not get the opportunity to meet Bala Periava alone. Bala Periava was about to leave after visiting the devotees who had come to see him. My joy was boundless when Bala Periava

invited Mr. Prabhu to come inside and asked him how he was even in that hurry.

Shri Rejith Kumar receiving prasada from His Holiness Vijayendra Saraswathi Swamigal of Kanchi Mutt

Mr. Prabhu asked me to capture this wonderful moment by giving me his cell phone; so that I may capture separate pictures of Shri Rejith with Bala Periava. In between us and Bala Periava there was a small group of devotees, which prevented me from taking a picture of Shri Rejith and Bala Periava together. However, I was able to capture Shri Rejith being blessed by Bala Periava facing each other. Mr. Prabhu introduced Shri. Rejith to Bala Periava. Bala Periava blessed us and gave us a fruit as 'prasada'. Next, we went to sit in front of the Maha Periava Samadhi to meditate for a while.

Usually, the normal practice is to keep a Shiva lingam on the samadhi. However, we noticed that there was a 'Vel' on the samadhi of Sri Jayendra Saraswathi Swamigal and I felt that there is something significant about this. We were all surprised when Mr. Prabhu suggested meeting Bala Periava again after his time of rest.

I mentally relaxed when I realized that we were going to be here for one more than an hour. My mind went inward and I began ruminating that

perhaps I was connected to this place I have never been before because of some previous good deeds.

Then I remembered that in the year 1986-87, my father was the president of our village panchayat near Cuddalore. At that time, he was involved in the auspicious work of building a Devi temple in our village. He had met Maha Periava for seeking guidance about the Agama rules and for getting help in building the temple. I fondly recollected the memories my father shared with us at home about the kindness of Maha Periava and his timely help of sending priests at the time of Kumbabisekham (revitalizing) of the temple.

In a few moments, the hall where we were seated had fallen silent and I was able to experience even the slightest vibration. At that moment, I sensed as if my father was with Maha Periava and was blessing me.

The question I really wished to ask my father but could never get around to asking it was "Why should we worship Maha Periava, when he is also a human?". I realized here, while sitting near his samadhi that Maha Periava is a great repository of wisdom, who has the power to heal us from our mental afflictions. In that moment I surrendered to him and thought, "Lord! Please free me from the sins of my previous births, so I may reach your Holy Feet and bless me to attain salvation". I shared with Mr. Prabhu, my father's experience with Maha Periava while building the temple and the help he had received from the Sankara Mutt. In the meantime, Mr. Prabhu who had been looking at my pictures; appreciated it generously.

Mr. Prabhu, created another opportunity for us to meet Bala Periava. Though devotees were crowding all around him, Bala Periava patiently

listened to Mr. Prabhu who spoke about Shri Rejith at least for 10 minutes. He blessed Shri Rejith and the LMRK mission whole heartedly. He also invited Shri Rejith to come again and visit him. I was feeling a little conscious that I was taking photographs continuously, when Bala Periava suddenly turned towards me and gently smiled as if to say have you taken enough pictures. I discerned it was time for me to stop taking pictures and so I did.

I would like to make a mention about Mr. Chandra here. I have never met him before but I felt that he is a person whom anyone will like immediately. Feeling replete with happiness, we started for Chennai.

I am really glad to have accompanied Shri. Rejith on this trip, as this was purely planned by Lord Muruga Himself! My journey always begins with questions and ends with answers. I still have some questions within me but I have faith that Muruga Peruman will answer these.

MURUGAN ADIARGAL

PAMBAN SHRIMAD KUMARA

GURU DASA SWAMIGAL

In the 20th twentieth century, Pamban Shrimad Kumara guru Dasa Swamigal is the incomparable, unique lion of Saiva Siddhanta philosophy and an expert on Vedanta who added grandeur to Tamil and Sanskrit with his writings. They say through his songs and literature he added fame to Tamil literature and that none before or after him could equal his prowess in interpreting the philosophy and dharma of Lord Subrahmanya for the benefit of the world. He was awarded the title - “Maha Teju Mandala Guru Apararunagiri Adhyashrama Siddhadvaitha Vaithiga Saiva Siddhantha Gnana Banu”.

Situated in Tamil Nadu, the land of devotion, lies Pamban of the district of Rameswaram. Here, on an early Friday morning, was born a divinely gifted child to Senkamala Amma and Sathappa Pillai, a devoted official of Lord Shiva’s temple. With joy they named him Appavu, a popular name of Lord Muruga.

Young Appavu began his lessons with Shri Muniyandi Pillai. He joined a Christian institution to complete his high school education. Here, his literary talent won him many prizes. One day when he was with his playmates at Kundukaal, an astrologer who had happened to come that way asked to see his hand and examined his tongue. He predicted that one day he would become a great ‘Gnani’ - a Saint who would have ‘Vakku Siddhi’ (the gift of making pronouncements or blessings which would prove true with time). At other instances, when Swamigal went to spend time with his friends he would be blessed with divine visions which would give him great happiness.

Sri Pamban Swamigal

One day, early morning Appavu began to walk towards their coconut groves. He was walking eastwards and could see the rising sun. At the first grove, he found his father had gone in and stopped there. He gazed at the horizon enchanted; and his heart filled with joy on perceiving the beauty of Muruga Peruman reflected in the glorious spread of the rising sun's rays. As he looked at the Kanda Sashti Kavassam which he held in his hand a desire grew within him to compose songs in chaste Tamil to worship Lord Shanmuga, the Sashti Pathy. He turned northwards, meditated on Lord Muruga. He felt the early hours were a most auspicious time and so prayed to the Lord to bless him with the ability to compose divine verses on Him. He found a palm leaf where the goats were grazing. With his ivory stylus decorated with silver flowers he cut the palm leaf into pages of the required size and began to carve the letters on it. He prayed to the Lord to bless him with a genius equal to that of Shri Arunagirinathar and vowed to end each verse with a dedication to Saint Arunagirinathar.

His deeply emotional appeal melted the heart of the Lord. He was blessed and without conscious effort on his own part the words, "gangaiyai

sadaiyir paritthu" flowed out through him. A beautiful song took shape and ended with the words, "aadhiyae amarrarkovey". He sang this song addressing the Lord and begged Him to accept it as his offering.

Thus, every morning Swamigal would compose a poem before his morning meal and the collection became an anthology of a hundred poems. He led a disciplined spiritual life. One day, Muruga Peruman came in his dream as a Siva devotee and took him to a building. Here, He asked him to eat divinely delicious milk rice which He Himself had mixed and placed on a banana leaf after seating him in a pure place. Muruga Peruman Himself ate with him and then sent him home. After this dream, Swamigal's knowledge of Sanskrit and talent for singing increased tremendously.

Through several incidents Muruga Peruman showered His grace on Pamban Swamigal. Once he appeared in the dream of a shoemaker showed him Pamban Swamigal's form and told him to gift Swamigal with a pair of slippers. The Lord healed Pamban Swamigal's daughter; when she was ailing with fever by applying Thiruneer (Holy Ash) on her forehead. He cured Swamigal's health ailment by making his wife apply Thiruneer on him with her own hands, inspite of her having her periods at that time. In his family's legal suits Muruga Peruman helped him win by being with him both at a physical and astral level. All these instances indicate how closely Muruga Peruman took care of Pamban Swamigal and protected him.

When a friend asked Swamigal whether it was a divine direction to go to Palani; Swamigal affirmed it. Muruga Peruman punished him by telling him that he would have to postpone going to Palani till He Himself directs him to do

so. Deeply regretful, Swamigal wrote three verses to convey his feelings.

Pamban Swamigal's life was going on filled with divine instances of Muruga Peruman. Every day, he would think, speak, or sing about the Lord. When he went on a pilgrimage to Kanchipuram, something astonishing happened. After going to all the temples, when he was on the point of returning; a fair complexioned Saivite in white turban and clothes accosted him and asked him, 'Have you had darshan of Kumarakottam?' When Swamigal enquired on its whereabouts he personally took him some distance, pointed out to the kodi maram (temple's flagstaff) and said this was Kumarakottam and suddenly vanished!

One day, while returning after the darshan of Rameshwara Perumal (Lord Shiva), Muruga Peruman appeared in Pamban Swamigal's dream and gave a directive that when he worships Lord Shiva, he should not fail to do Sashtanga Namaskar. Swamigal kept reflecting on the compassion of Muruga Peruman and marveled at it.

REUNION ISLAND VISIT BY SHRI REJITH KUMAR

Reunion Island lies in the Indian Ocean, off the eastern coast of Madagascar. At 970 square miles, (2,512 square kilometers), it is the largest of the Mascarene islands. The capital is Saint Denis.

Reunion Island

Réunion Island, is a French Overseas Department in the Indian Ocean, known for its volcanoes, rain forests, coral reefs and beaches. Its most iconic landmarks are: (1) Piton de la Fournaise (Peak of the Furnace) - a climbable active volcano standing tall at 2,632m (8,635 ft), (2) Piton des Neiges (Snow Peak) - a massive extinct volcano and (3) Réunion's three Calderas: Cialos, Mafate and Salazie. Caldera's are large basin-shaped craters at the top of a volcano, formed by the collapse or explosion of the volcano. One could say, they are natural amphitheatres formed by extinct volcanoes. They are spread over 40% of the island's total area and the entire site is a protected area. These together make some great trekking destinations.

The Island is spectacular in its multitudinous variety of flora and fauna and is filled with rich green forests. Pine trees dot all around the

mountainous paths leaving one spell bound. It also has some of the world's most spectacular waterfalls.

Shri Rejith at Reunion Island

Tamils in Reunion Island

Reunion Island (in French, La Reunion) is a multicultural society composed of people originally from France, Mozambique, India, China, Madagascar, and the Comores. The abolition of slavery in 1848 led white landowners to recruit indentured labourers for their plantations, particularly Tamils.

Piton de la Fournaise

It currently, has a population about approximately 8 Lakh people out of which 3 Lakh people are Tamils. Since the beginning of

immigration, the French government has stressed assimilation of the population under its control, exploiting the resources of the island while pressuring immigrants to become "French." As a result, all members of this multicultural society are officially "French citizens." However, many descendants of Tamil immigrants have maintained their ancestral beliefs and patterns of behaviour.

The history of Hinduism in Réunion stretches back to the mid- and late-nineteenth century. Tamils took on Christian names and had their children baptised in the Catholic Church at the insistence of their employers, owners or the government administration to integrate with the society. Even so, they did not abandon their Hindu customs and rituals in the process. They still continue to follow certain Hindu Tamil customs like Kavadi Aattam (a dance ritual performed to worship Lord Muruga originating from their ancestors who once migrated from Tamil Nadu) and the celebration of the Thaipoosam festival. However, the significance of these have been lost to them over time. In recent years, there has been a revival of Hinduism among members of the Tamil community. This has led to the establishment of many temples and ashrams. During the last generation, they felt a strong need to trace back their ancestry and hence began their visits to Tamil Nadu to discover their families, visit temples and understand Hinduism and Tamil culture. I feel a lot can be done for these people by helping them bridge the gap by exposing them to their rich history, traditions, Hinduism and the significance of worshipping Muruga Peruman.

The Journey

24/09/18 After travelling through picturesque mountainous routes for a couple of hours; Shri Rejith and I, arrived at Plaine de Sables. We had a wonderful opportunity to visit the famous Plaine des Sables in Reunion island. This, is also a hotspot for geologists as it houses the second

Plaine-des-Sables

largest active volcano in the world. People camp in the night at Plaine de Sables to watch the grandeur of an erupting volcano, with smouldering smoke, sometimes emptying into the Indian ocean.

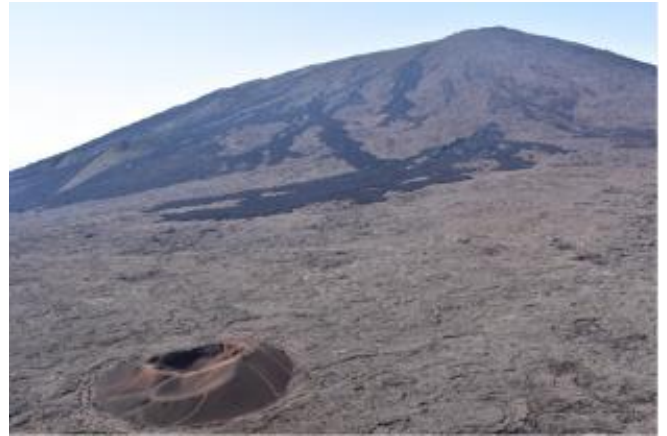

This place is shrouded with mystery and its landscape looks very similar to that of Mars. ***Shri Rejith revealed that just before the destruction of planet Mars, its beings used their divine***

Shri Rejith meditating at Reunion Island

intuition to first land in Plaine de Sables in Reunion Island and then migrate to Kumari Kandam. This place is supposed to be a portal for time travel. It's the very place from which the entire human race is said to have started. Given its significance, we meditated here for a while.

We then, drove towards the Volcano area –

Foot prints found at Piton de la Fournaise

Piton de la Fournaise. The path towards the volcanoes is usually a restricted area and is always kept under surveillance. It was a Sunday, and to our pleasant surprise, the Director of the Department of Geology along with a group of 12

Shri Rejith and Mr. Devan with the Director (Dept of Geology)

scientists reached there at the same time (9.30 am) due to Divine providence.

She knew Mrs. Bhavani and allowed us to walk along with her group a few steps downwards, so that we may have a clear view of the surroundings and take a few pictures. We realized that this was a golden opportunity; as even tourists who had visited numerous times, to get a closer glimpse of the volcano; could not do so for many years! We experienced, a great surge of energies during the meditation session. We felt the grace of Muruga Peruman and could sense His presence behind all the opportunities that presented themselves before us in this trip.

We climbed back upwards and took our position on a rock which was close to the volcano. We felt very strong divine energies while we sat and meditated there. It was interesting to see a pair of large foot prints when we visited Piton de la Fournaise. It looked as if someone with very large feet had landed there on the volcano.

Shri Rejith mentioned that Muruga Peruman had once meditated in this place and that this place was special. Currently, we have the (Aaru Padai Veedu) of Muruga Peruman in the state of Tamil Nadu, India. It was revealed to Shri Rejith by Muruga Peruman, that His abodes were spread across the Kumari Kandam continent which comprised of 49 countries at one time. The first abode is at Blue Mountain, New South Wales, Australia. Lord Muruga is said to have fought against the Asura King Surapadman here. The second Padai Veedu (Army Camp) was at Reunion Island; where Muruga Peruman meditated after the war. This place has a strong connection with Palani and even in Palani, Muruga Peruman is in a meditative form.

Shri Rejith was actually supposed to visit Norway; however, the Divine had other plans for him. It became apparent to us that Muruga Peruman had wanted us to visit Plaine de sables for a reason; which corresponds to planet Mars

in topography. ***It was later revealed that Palani had a strong connection with Mars and that it was in Piton de la Fournaise, Muruga Peruman had once meditated in Palani Bala Dhandayadhapani form.*** This enabled Shri Rejith to receive spiritual energies from this mystical place before proceeding to Palani for the Mayura Simhasanam Thiruvizha.

Shri Rejith trekking in Reunion Island

25/09/18 We visited the Kali Amman temple in St Dennis and participated in the group chanting of Lalitha Sahasranamam attended by many local residents. After finishing our prayers, we met Mr. Daniel Minienpouille - President of the Tamil Federation in Reunion Island. He explained the history of the Tamils; their grit and determination and their economic growth on the island. He was highly impressed

Shri Rejith and Mrs. Bhavani with other Residents at the Temple

with Rejith's insights on Kumari Kandam, and our experiences at the Volcano area – Piton de

Kali Amman Temple

la Fournaise. He invited us to be there during the next Thaipoosam day to meet Muruga devotees; and explain to them these details. He holds a high post in this island and can definitely help in spreading our mission here to a great extent.

26/09/18 We had a wonderful meet with over 30 residents of the Island. This was organized by Mrs. Bhavani Latchoumy and Mr. Mercedes. The residents seem to have been on the island over five generations and they have a limited knowledge about Lord Muruga. Muruga Peruman inspired me to make a power point presentation about Shri Rejith's spiritual journey, LMRK, Significance of Kumari Kandam in this Muruga Yugam and the meaning of Muruga Mantra before meeting the residents. I thank, Mrs. Sowmya and Mr. Srinivasan for

providing me the materials with which I could successfully make the presentation. I was ably assisted by Mrs. Bhavani who translated this presentation in French. It was followed by a Question & Answer session, a ten-minute meditation and concluded with a healing session. This was well accepted by all the attendees.

Shri Rejith with Mr. Daniel Miniépouille and Mr. Devan (R)

It was then decided that we would start a separate LMRK group for Reunion Island members. The posting of articles would be in French and they would also be included as part of the European LMRK team. It was indeed a blessing, that we met Mr. George Swamy during the meeting. He has done extensive studies regarding Kumari Kandam and about Siddhars. He passionately addressed the assembled residents about Kumari Kandam in French; this evoked the interest of those gathered. I feel he is the right person to spearhead the LMRK movement in Reunion Island.

27/09/18 We visited a few temples in Saint Dennis. There are eight large temples in Reunion island and we visited most of them. The island has many temples dedicated to Goddess Kali, Lord Siva Subramanian and demi gods like

Muneeswaran, Karuppusamy among other Hindu deities. We visited a Church dedicated to Holy Mother Mary. This has an interesting history – Once, when the Volcano had erupted, the lava flowed down to the town but it mysteriously came to a stop in front of the Church and did not enter inside it, by the grace of Mother Mary.

28/09/18 Shri Rejith visited about twelve families for healing. They have not been named for the sake of confidentiality. Many had health as well as business related issues which were healed by Shri Rejith. Some were affected by negative energies in their homes and they were advised to chant the divine Muruga mantra ‘Om Saravana Bhavaya Namaha’ for their protection. He advised that this sacred mantra alone is the panacea for all their problems.

Shri Rejith with Mr. George Swamy and Mr. Devan (R)

29/09/18 After visiting, a few homes for healing, we visited a mystical place while returning back. Let me narrate an incident related to this.

While boarding the plane, *Shri Rejith shared that he had got a message from Muruga Peruman regarding Reunion Island and an African song.* Reunion’s largest cultivation is Sugarcane. This word struck Sri Rejith deeply. He will explain the

significance behind this later. On our way back to the hotel, our vehicle was being driven by a gentleman named Mr. Rithu. I asked him, if he knows about any connection between African song and Reunion island. He further elaborated that the songs they play are called ‘Carole Songs’. They are a mix of ancient Tamil and African language. He also shared that there was a music library exclusively dedicated to this genre of music and that it is located just below the Light House. While driving back, we did spot the Light House and Shri Rejith asked him to make a turn and go near the Light House. After reaching there, we saw the music library which is located close to the sea shore. To my astonishment, I saw that the place was the same that I had seen in my vision. I had dreamt of this exact spot earlier; with rocks jutting out towards the ocean, and the waves vibrantly lapping against the majestic rocks. During this

Meeting with Reunion Island Residents

vision, I saw Shri Rejith and me walking towards a temple.

I had dreamt of this location, much before I had any plans of visiting Reunion Island. At that time, when I had shared about my vision to Shri Rejith; he had asked me to accompany him. Mrs. Bhavani had seconded this idea strongly and made all arrangements for me to make the trip.

Shri Rejith with Mrs. Bhavani Latchoumy and Mr. Mercedes

Only after I saw the same location in reality did I realize that I was called here by Muruga Peruman. Shri Rejith stated that it was Muruga Peruman Himself who had directed me to come here. Though we were booked at the Pharest Hotel, which is about five minutes from this spot and inspite of Ms. Bhavani repeatedly asking us to visit this place; it was finally Muruga Peruman's Divine will which led us here. This has made me realize again, even more deeply, that everything happens under His Divine direction and guidance and it is all his Divine play (Thiruvilayadal).

This trip helped me to understand Shri Rejith as a person even more. He was very patient and jovial with all the people he met. Inspite of the language barrier, he took pains to understand their problems and was very earnest in providing solutions and healing them. Most of the days, we had slept very late, as Shri Rejith was

tirelessly attending calls from various people and helping them with their problems. Apart from this, he was coordinating with his team in India, to ensure flawless arrangements were being made at Palani, for the Mayura Simhasanam Thiruvizha. This was indeed an eye opener for me; as I witnessed and understood the power of Lord Muruga at work through Shri Rejith.

I am glad to have accompanied Shri Rejith on this trip, as this was purely planned by Lord Muruga only! We would like to deeply thank our wonderful hostess Mrs. Bhavani and her family, who took care of the minutest of details and ensured that all our arrangements had been made smoothly. A special mention of gratitude to Mrs. Bhavani's two sons who accompanied us to the volcano and their family friend Mr. Prem who took us to some exotic locations.

May Lord Muruga bless them!

- Mr. Devan
