SHRI REJITH KUMAR'S VISIT TO MALAYSIA

Malaysia is a Southeast Asian country consisting of 13 states and 3 federal territories. Its total landmass of 330,803 Square Kilometers is separated by the South China Sea into similarly sized regions - the Peninsular Malaysia and the Malaysian Borneo. The country is multi-cultural and multi-ethnic; with an estimated population of 30 million. More than half of the population are ethnically Malay and its large minorities are the Chinese, Indians and other indigenous people.

Malaysian Tamils

Though Malaysia has historically had a relationship with ancient India for more than 2000 years, a major wave of Tamil migration happened during the British Colonial Period. The Tamils established their faith and customs wherever they settled and built their lifestyle around the rich religious culture they brought with them. It is significant to know that almost 90 percent of the Malaysian Indians are of Tamil origin and that 86% of the Malaysian Indians are Hindus.

The Visit

The month of October was especially special for Malaysia LMRK Members who were eagerly anticipating the visit of Shri Rejith Kumar. This is his third visit here and we had organized and planned events in honour of his visit. The purpose of Shri Rejith Kumar's visit was to connect with the Malaysian people through public meetings, communicate with the LMRK members about the significance and duties related to the pradishtha in Switzerland and visit the homes and offices of LMRK members.

The objective of this article is to give a brief narration of the events which happened during Shri Rejith Kumar's visit. We have briefly attempted to share details about some of these through photographs and through personal accounts given to us.

12-Oct-19

1. Visit to Batu Caves

Batu Caves is a limestone hill, which has a series of caves and cave temples, located in Gombak district, 13 kilometers north of Kuala Lumpur, Malaysia. It takes its name from the Sungai Batu or Batu River, which flows past the hill.

In the year 1891, Shri K. Thamboo Swamy Pillai was inspired by the 'Vel' shaped entrance of the main cave and was inspired to dedicate a temple to Lord Muruga within the caves. He consecrated the idol of Sri Subramaniam Swamy inside the cave which is located at a height of 400 feet. The Thaipoosam festival is celebrated grandly as the annual festival at Batu Caves. Shri Rejith Kumar paid a visit to Sri Subramaniam Swamy's shrine at Batu Caves and offered his prayers.

The term 'Bhujanga' means serpent in Sanskrit. The term 'Lembah' means valley together the words mean 'Serpent Valley'. The site covers an

area of 224 square kilometers. One can find clusters of temple ruins that indicate the

influence of Hinduism and Buddhism in Kedah's history.

In the ancient city of Thanjavur in Tamil Nadu, there are inscriptions that date back to 1030 AD which mentions the victory of the Chola King Rajendra Chola I over some kingdoms in South East Asia. It is mentioned that 'Kadaram' was one of the places that the great Chola King had once conquered.

Being on the maritime route between Western Indonesia and South India, the Malay peninsula became involved in this trade. Contact between the Malay peninsula and the Tamil kingdoms had been very close during the reign of the Pallava dynasty during the (4th – 9th) Century AD and the Chola dynasty during the

(9th to 13th) century AD. The trade relations between the Malay and Indian rulers led the rulers of the Malay peninsula to adopt the Indian cultural and political models which existed during that period.

Planning and Organization of the Event in Johor Bahru

In our search for a venue to organize and event on Shri Rejith Kumar's visit to Johor Bahru four of us – Mr. Kumaraguru, Mr. Aananthan, Mr. Kanapathy, and self approached Sri Bala Subramaniam temple management and managed to speak with the temple head Dato Shri Balakrishnan. They asked us to officially make a request on behalf of LMRK. Once we completed these formalities we waited for their response.

Many days passed by after this. We began to pray to Muruga Peruman every day for a positive response from the temple management.

Shri Rejith Kumar doing pooja at Mrs.Mohana's Residence in Klang

Our prayers were fulfilled when we got a positive response from Dato Shri Balakrishnan and the temple management much more than what we had expected. They came forward to suggest they will welcome and honour Shri Rejith Kumar with a flower garland and were willing to cooperate in any possible way to carry out the event smoothly. We were happy that Dato Shri Balakrishnan personally requested us that lunch be organized between Shri Rejith Kumar and the temple authorities for honouring him.

Once the venue was confirmed, we printed the flyers, banners and ID tag. Flyers were given to temple management for distribution. After distributing our flyers, the temple management printed additional flyers about the event and healing session. LMRK Banner was displayed at the temple. We were amazed and speechless to experience the seamless arrangement of the event by Muruga Peruman to fulfill His mission.

Most of us were meeting Shri Rejith Kumar for the first time and we were filled with excitement and happiness when we met him at Mr. Aananthan's residence. We introduced

ourselves and he passed energy to all the members and blessed us for the Prayer Meeting to be held at Sri Bala Subramaniam Temple.

21. Shri Rejith Kumar's Visit to Mr.Vethanayagam and Mrs.Jayanthi Rani's Residence in Kulai, Johor Bahru

In 2015 I had undergone surgery on my Lumbar Spine (L4 and L5) spinal surgery. Even after the surgery, I was going through severe pain. With the blessings of Muruga Peruman, I got Shri Rejith Sir's contact. He did distant healing for me. After a few sessions, I felt the difference in

my pain level. He advised me to continue with a few more healing sessions. Now, I find it much easier to go through my day to day tasks. I am very grateful to Shri Rejith sir. Thank you.

On the morning of 19th October, Shri Rejith Kumar came to our residence to perform a pooja. My husband Mr.Vethanayagam, daughter Anise Prita, my neighbour Mrs. Vickneswary and self participated in the pooja. It was not just the house pooja I feel rather Shri Rejith Sir's mere presence had brought in a lot of good energies into our home and our lives.

On the 25th of October a week after the house pooja, I had finished my prayers and had sat down for meditation. During the meditation, I received blessings from Muruga Peruman and Maha Avatar Babaji. I also received energies from Anjaneyar Malai. I was not sure whether this was real or just my mental illusion. However, when I checked with Shri Rejith Kumar, he confirmed that it was a genuine experience. I felt very happy and blessed. I believe Shi Rejith Kumar is a compassionate gift to all humankind by Muruga Peruman. Om Saravana Bhavaya Namaha.

-Mrs.Jayanthi Rani

22. Mr.Sundram's Experience with Shri Rejith Kumar

Om Saravana Bhavaya Namaha. I had been spiritually searching for a few years now and was aware of the existence of energy points. I felt that if Muruga Peruman Himself had chosen Shri Rejith Kumar to carry out His mission then he must be a special person. I felt honouring Shri Rejith Kumar with a Padha Pooja would be an appropriate way of conveying our respect. He was warmly welcomed by me and my wife Mrs.Rajamah with a Padha Pooja when he visited us on the 19th of October. On the 20th of

October, I joined Shri Rejith Kumar for a group meditation at the Mac Ritchie Reservoir. Ever since then I have felt an automatic connection to this energy point during meditation. I am finding it easier to reconnect and it continues to give me blissful experiences every day during meditation.

We felt really happy when Shri Rejith Kumar conveyed his appreciation that we had organized the events really well and included us in the LMRK main group. It was indeed Muruga Peruman himself who worked through all of us to make the event successful. The visit in Malaysia concluded with a happy note with Mr. Sundarsegaran accompanying Shri Rejith Kumar to Singapore.

SHRI REJITH KUMAR'S VISIT TO SINGAPORE

Singapore officially the Republic of Singapore is an independent island city-state in Southeast Asia. It is located at the southern tip of peninsular Malaysia. India's connection with Singapore dates back to the period of the Chola dynasty. The more modern relationship is attributed to Sir Stamford Raffles who, in 1819, established a trading station in Singapore on the route of the Straits of Malacca which became a colony under

British India. There are currently more than 5.8 million people living in Singapore and about 9.1% of the population is of Indian origin. The languages spoken mainly are Malay, English, Tamil and Mandarin Chinese.

The Visit

Shri Rejith Kumar to spread the LMRK Mission further travelled to Singapore after his Malaysia Visit and met many of the LMRK members there apart from the public through events organized there by the LMRK members. He also visited the business premises and residences of the members for doing pooja and healing. We have tried to cover the events through photographs and information given by the members.

1. Pooja and Meditation Session at the Mac Ritchie Reservoir

Shri Rejith Kumar and the LMRK members had assembled at 9.00 AM at Rifle Point, to take part in the Prayer and Meditation Session held at the Mac Ritchie Reservoir. Shri Rejith Kumar warmly welcomed all the members after which we walked towards the place where we were to meditate.

Shri Rejith Kumar after doing his prayers gave a welcome speech and started the meditation. While meditating we felt strong energy vibrations. After the completion of the

meditation, Shri Rejith Kumar advised us to pray to Lord Nandikeshwar. He further stated that it was only after getting His blessings and permission could one receive the blessings of Lord Shiva, Mother Tao, and Muruga Peruman. Shri Rejith Kumar then spoke about the spiritual

significance of the Mac Ritchie Reservoir and shared divine revelations about this place. After this, we assembled at the exit point to take group photographs. There were more than 30 persons who had participated in this event. Shri Rejith Kumar warmly bade us all farewell and proceeded towards visiting the LMRK members at their residences.

Shri Rejith Kumar with LMRK Members at the Mac Ritchie Reservoir after the Meditation

Ms. Thenni a member who attended the Mac Ritchie Prayer meeting says “It was a great pleasure to attend the meditation session in Singapore at the blessed Mac Ritchie Reservoir with Shri Rejith Kumar and everyone. A heartfelt thank you for what was truly a spiritual session. I can now meditate with a better sense of endurance and focus.”

Significance of the Mac Ritchie Reservoir as shared by Shri Rejith Kumar on 25-10-19

Vanakkam. I am currently at the Mac Ritchie Reservoir in Singapore. I have previously released a video about this place, but this video is for the benefit of the new members who are not aware of this place. What you see here is Singapore’s Mac Ritchie Reservoir. Do you know the specialty of this place? Last Sunday I meditated along with many members from

LMRK here. There are several energy points throughout the world. I have visited many energy points under the direction of Muruga Peruman and He has revealed the secrets of these energy points to me.

My duty is to go to each of these places and activate the energy there. This will enable Muruga Yugam to go to the next level as well as bring about positive energies worldwide. This is one of the important energy points. You might be aware of the Swastika symbol and how it is formed of two intersecting lines.

These two lines represent two energies. One line represents the Karthika or Pleiadian Star energy. The other line represents the Big Dipper or the Sapta Rishi Mandalam Energy. The combination of these two energies is the Swastika.

Swastika originates from the Kumari Kandam period. The Swastika is also related to 'Time-Travel'. The guardian of Swastika is Lord Garuda. Those who can access Swastika energy can do time travel. It is so important.

Lord Nandikeshwar is the guardian of the Mac Ritchie Reservoir. Only with the blessings of Lord Nandikeshwar can we know about this energy point's secret and receive its energy.

The center point of the Swastika has two energies. One is formless Lord Shiva's energy. Lord Shiva is the formless energy of the Universe. The other energy is that of Mother Shakthi also known as Northern Star energy. Swastika's center point is the place where both these energies connect.

The center point of these two energies is the Mac Ritchie Reservoir. It is extremely powerful. This is a place where the two energies join together. The male energy being that of Lord

Shiva and the female energy is Mother Shakthi or Mother Tao as She is referred here.

You may be knowing about Taoism. It was Bogar Siddhar who manifested himself in China to become the founder of Taoism. He is said to have come alive here (taken a birth) here and has come to be known by the name Lao Tzu. If you have read about Taoism you will find it to be very similar to Hinduism.

The Mother Goddess of Taoism is Mother Tao and is present as the Divine Feminine energy here. The Divine Masculine energy here is the Universal Formless energy of Lord Shiva. The connecting point of these two energies is this place. It is a very powerful place. Only if one receives Lord Nandikeshwar blessings they will receive the energy from this place. So please pray to him before you come and pray here. If you pray here, you will progress to the next level both materially as well as spiritually. It is an extremely important topic.

Another thing I would like to add is that he is Lord Shiva in his formless state but Lord Shankar in his form state. What we have here is the ultimate Shiva energy with Mother Tao in Shakti form. Please do visit here to pray and meditate. Everyone will get Muruga Peruman's, Shiva Peruman's, and Mother Tao's (Mother Shakthi) blessings. I wanted to share this message with the new members. May everyone get Muruga Peruman's blessings!

Om Saravana Bhavaya Namaha.

13. Visit to Holy Tree Bala Subramaniam Temple, Yishun Industrial Area

Temple History

In the year 1962, during Pongal festival, a worker in the British Royal Navy Dockyard had a wonderful vision of Lord Muruga and a majestic golden King Cobra (Raja Nagam), seated below an 'Elanthamaram', in a swampy mangrove area west of Canberra Road. Inspired by his vision Shri Karuppiyah built a small altar and placed a 'Vel' along with pictures of the Lord Vinayagar, Goddess Shakthi, Lord Shiva, and Muruga Peruman. He began his prayers from that day onwards. The tree had 6 main branches symbolizing its connection to Lord Arumuga. The naval dockyard workers and their families soon began to flock to this altar to offer their prayers. The pioneers who took care of this temple started referring to it as '**Holy Tree Sri Balasubramaniam Temple**' as it was under the tree the altar was originally placed.

Shri Rejith Kumar at the Holy Tree Sri Balasubramaniam Temple

The temple was officially registered in 1964 and had its first Kumbabisekham in 1973. On the 26th of January 1996, the temple was shifted to

Yishun Industrial Park from Canberra Road. The temple has recently celebrated its 4th Maha Kumbabisekham.

Shri Rejith Kumar visited this holy temple on the morning of 23rd October 2019 and spent some time in meditation there.

14. Shri Rejith Kumar's Speech, Meditation and Healing session at Sri Ruthra Kaliamman Temple

Sri Ruthra Kaliamman temple was built in 1913 by Mr. Letchumanan Nadar an employee of Alexandra Brickworks. The original Temple was set up as a small shrine housed in a wooden structure within the precincts of the former Alexandra Brickworks at Pasir Panjang. Specially crafted moorthies of granite of Sri Ruthra Kaliamman, Sri Siddhi Vinayagar, and Sri Subramaniam were installed ceremoniously in the temple during the year 1968-69.

Sri Rudra Kaliamman Temple at 100 Depot Road, Singapore

In 1983 the temple was shifted to Depot road and a grand inaugural Kumbabisekham was done. In 2013, a grand centenary celebration was held with a rendering of auspicious prayers. Apart from the main sanctum of Ruthra Kaliamman, one can find the sanctums Sri

Vinayagar, Sri Subramaniam, Sri Muneeswaran, the Navagrahas, Sri Kaleeswarar, Sri Mangalambigai, Sri Dakshinamoorthy, Sri Chandikeswarar, and Sri Nandeeswarar.

Meeting Highlights

A special event was planned for Shri Rejith Kumar at the Ruthra Kaliyamman Temple from (7.00 to 9.00) PM in the evening. He was honoured by the temple's ex-president Mr. Retnam. This was followed by the welcome address, after which Shri Rejith Kumar shared about his spiritual experiences and the LMRK Mission and answered the questions raised by the public. Shri Rejith Kumar then lead a group meditation on 'Om Saravana Bhavaya Namaha' with all those assembled.

Shri Rejith Kumar giving a talk on the LMRK Mission

After the meeting, the members as well as the public received healing energies from Shri Rejith Kumar and the program concluded on a happy note with everyone partaking in some light refreshments.

15. Mayana Pooja for Lord Shiva by Shri Rejith Kumar

Shri Rejith Kumar had asked the members during the Mac Ritchie Meeting if they were aware of a Siddhar Samadhi in Singapore or somewhere in Indonesia, as he had received a divine direction from Muruga Peruman to pray to Lord Shiva at night in a Mayanam. One of the members suggested that there is such a Siddhar Samadhi in Singapore.

Shri Rejith Kumar with a small group of LMRK members reached the cemetery (Mayanam) after 11 PM. Shri Rejith Kumar on seeing the samadhi confirmed that it was indeed the place he had seen in his vision given to him by Muruga Peruman. Shri Rejith Kumar offered his prayers to Lord Shiva as directed by Muruga Peruman and performed an Aarthi at the samadhi. The

energy levels seemed to rise and the time now was close to midnight. All of them there felt the energy vibrations and Shri Rejith Kumar shared that it was the samadhi of a great saint and that he had received Shiva Peruman's blessings.

In a video taken there Shri Rejith Kumar shared *"As soon as I entered Singapore, I had received an important message from Shiva Peruman. Lord Shiva is going to start many things in Singapore. The Mac Ritchie Reservoir is a very important energy point. Many years ago, at the Mac Ritchie Reservoir, a great Shiva Lingam used to be worshipped. Now that energy has been activated and it is powerful. This will manifest many positive things in Singapore. Tonight, is a very special night. To everyone thanks! It is a big blessing we have received in our lives from Shiva Peruman and you are all going to know about it".*

*Shri Rejith Kumar through his video from Siva Thondan Center in Melbourne states that he had gone to the Mayanam in Singapore on Muruga Peruman's directions to receive the high vibration Avadootha level energies. **

Australia, officially the Commonwealth of Australia, is a sovereign country comprising of the mainland of the Australian Continent, the island of Tasmania and numerous islands. It is the world's sixth-largest country with a total area of 77,41,220 square kilometers, with an estimated population of 25.4 million people.

Significance of Australia to the LMRK Mission

The Indian connection with Australia started during the ancient Kumari Kandam period many thousand years ago, as revealed by Muruga Peruman to Shri Rejith Kumar. Muruga Peruman has made the following revelations about Australia to Shri Rejith Kumar. They are:

1. Australia was once part of Kumarikandam.
2. The epic battle between Muruga Peruman and the Asura King Surapadman took place in the Blue Mountains. The impression of Muruga Peruman's Holy Feet can be found here.

3. Australian soil possesses the energy of Kumari Kandam and it is directly connected with the Karthika or Pleiadian energies.
4. The Karthika Star cluster energy is present especially in the Blue Mountains, New South Wales in Australia.
5. Lion Island in New South Wales, Australia holds information regarding Kumari Kandam.
6. *The Blue Mountains is the First Aarupadai Veedu of Muruga Peruman as revealed by Him.* Meditating here on 'Om Saravana Bhavaya Namaha' will help one advance both spiritually as well as materialistically.

Tasmania

Tasmania is an island state of Australia with its capital in Hobart city. It is located about 240 kilometers to the south of the Australian mainland separated by the Bass Strait. It is known for its vast, rugged wilderness areas, largely protected within parks and reserves.

The island is said to have been originally occupied by Tasmanian Aboriginals who call themselves 'Palawa'. They had first arrived in Tasmania more than 40,000 years ago when Tasmania was a peninsula of Australia. Over a period of time, around 6000 BC, due to the rising sea levels Tasmania separated from the Australian mainland to become an island. They were entirely isolated from the rest of the human race for 8,000 years until European contact.

3. Visit to Hobart City and Mount Wellington

Shri Rejith Kumar in Hobart City , Tasmania

Shri Rejith Kumar reached the capital of Tasmania state – Hobart city. It is the second oldest capital city in Australia and was founded in 1804.

Shri Rejith Kumar visited Mount Wellington, which is officially also known through its aboriginal name 'Kunanyi' a mountain, at whose foothills the city of Hobart can be found. It is the summit of the Wellington Range and stands at a

height of 1,271 meters and is within the Wellington Park Reserve.

4. Visit to Cockle Creek

Shri Rejith Kumar travelled to the farthest southern point in Australia to arrive at Cockle Creek. It is located on Recherche Bay on the edge of the Southwest National Park, part of the Tasmanian Wilderness World Heritage Area. It gets its name from the abundance of cockle shells found here.

Shri Rejith Kumar at Cockle Creek in Tasmania

Shri Rejith Kumar's Message from Cockle Creek (28-10-19)

Vanakkam. I am currently in Cockle Creek in Tasmania. With Muruga Peruman blessings I reached (Perth) Australia yesterday and from there I have come to Tasmania. It took about an hour to reach this place.

I came here only on Muruga Peruman's direction. It is on a special day – a day where we start the Sashti fasting and also a day to worship the (Tulavavu) ancestors; and both of these have been done.

As you may know from my previous video, I had performed Shiva Pooja at the Mayanam in Singapore under Muruga Peruman's directions. I have come here correctly on this special day. After coming here, I worshipped Muruga

Peruman and the ancestors of Kumari Kandam as per Muruga Peruman's direction. This is the farthest point one can drive south in Australia as after this, there is only Antarctica. Antarctica is very close from here. I am standing at the southernmost point now. I have also prayed to Lord Shiva here. One amazing coincidence which happened is that when I used Google Maps to reach this point I arrived at a place near a Cemetery! I have meditated from here to Lord Shiva and I performed Thithi (offerings) to the ancestors in the nearby sea and prayed to Muruga Peruman.

This southernmost point used to be very significant in the Kumari Kandam period. At such a point, I have received a message that the pradishta of Muruga Peruman's 'VEL' is going to happen in the future. It is from such a powerful energy point I am posting the video message. May everyone get Muruga Peruman's blessings!

Sashti has started. Last year we had done the pradishta of the Mayura Simhasanam on the Thirukalyanam day. This year November 3rd is the Thirukalyanam day. This year we have a prayer program at Perth on this day. Please pray to Muruga Peruman on 03-11-19 i.e. the first anniversary after the pradishta of the Mayura Simhasanam. May everyone get Muruga Peruman's blessings! Om Saravana Bhavaya Namaha!

Perth

Perth is the capital and the largest city of the Australian state of Western Australia (WA). It was founded by Captain James Stirling in 1829 and is named after the city of Perth in Scotland. Shri Rejith Kumar travelled back to Perth from Tasmania to continue his visit there.

Lion Island is located at the mouth of the Hawkesbury River inside Broken Bay, in the state of New South Wales, Australia. The island is considered part of the Central Coast Council. It is a descriptive name because it resembles a Sphinx, a mythical figure of a crouching lion. It was declared as a Fauna Reserve in 1956 as it provides a breeding habitat for many marine

and migratory bird species. It was reclassified as the **Lion Island Nature Reserve**, a protected nature reserve in the year 1977. Public access to the island is only by permit and is restricted to conservation, education and research purposes.

23. LMRK Meeting at the Three Sisters Point in the Blue Mountains (09-11-19)

The Three Sisters Point is Blue Mountains' most spectacular landmark. The Three Sisters is essentially an unusual rock formation representing three sisters who according to Aboriginal legend were turned to stone. The Three Sisters stands at 922, 918 & 906 meters tall, respectively. That's over 3000 feet above sea level!

As per the aboriginal legends, the three sisters 'Meehni', 'Wimlah', and 'Gunnedoo' from the Katoomba tribe fell in love with three brothers from the Nepean tribe. Tribal law did not allow them to get married and soon a battle ensued. The three sisters were transformed into stone for their own protection by a witch doctor from the Katoomba tribe. However, he was killed in the battle before he could reverse the spell, so the three sisters still remain to wait for their spells to be reversed and stand as an eternal witness to the unfolding histories of the land.

It is at this site Shri Rejith Kumar, Mr. Colin Hayter, Ms. Susan and Mr. David Reed with our Australian LMRK members met to have the Sunday Prayer Meeting. This was followed by Shri Rejith Kumar leading the group meditation on 'Om Saravana Bhavya Namaha'. He addressed the LMRK Members and later group photographs were taken.

Mr. Colin Hayter's & Shri Rejith Kumar's Message from the Blue Mountains (09-11-19)

"I am Colin Hayter. Upon the sovereign panel of the Mirrabooka, the sovereign united tribes of Australia. Today in this place, I hold my head lower than my wife, lower than my mother,

lower than all the mothers gathered here, most of all I hold my head lower than the great mother i.e. our shared mother in the land.

Today in my place, my office upon the sovereign of Mirrabooka, we are here for a purpose. The great Seer from India (Shri Rejith Kumar) standing beside me in this place today, we reunite the lands of the North and the lands of the South. A small step. Two men crossing the world. A giant leap for all of mankind. In these words, passed to us, the wisdom of our ancestors, coming through the still living descendants, the elders saved these words (Mr. Colin Hayter calls out some Aboriginal words). "From the Creator, breathing life into the Earth, bringing fertility, light". So, we all see again with one handshake, we reunite the lands of the South and the North. Well done my brother. Welcome Home. Mirrabooka! (Mr. Colin dashed his ceremonial staff against the ground saying this) - Mr. Colin Hayter.

(Shri Rejith Kumar offered his gratitude to Muruga Peruman after Mr. Colin affectionately held him to convey his welcome.)

"From the place where Kumari Kandam existed, where our great ancestors lived and where the Holy Feet of Muruga Peruman had once touched, there a reunion has started - this is an Energy Reunion. Many positive things are going to happen with Muruga Peruman's blessings. Om Saravana Bhavya Namaha." - Shri Rejith Kumar

It is indeed a poignant and historic moment for the world with these two great souls coming together to symbolize the reestablishing of ties between India and Australia as it was once in the Kumari Kandam period.

A special program was held on the 11th of November 2019 at the Siva Thondan Center, Hallam from 7 PM onwards. It was organized by Mr. Illanko Navarathnam and other LMRK members. Shri Rejith Kumar began the program by doing pooja to Lord Shiva and the 'Vel'. Shri Rejith Kumar led the group meditation on 'Om Saravana Bhavaya Namaha'. This was followed by him giving a talk to the members about his spiritual journey and about the LMRK Mission apart from sharing divine revelations. He also answered the questions raised by the members. This was followed by a healing session. Shri Rejith Kumar then blessed the members with Thiruneer. The program concluded with members partaking refreshments.

Shri Rejith Kumar's Speech

"I had taken two of my friends from Pazhani to Rameshwaram by car. We began our discussion after booking into a hotel at 10 PM (regarding the place where Shri Rejith Kumar was directed to go by Muruga Peruman to do pooja for Shiva Peruman). I was told it was a place that can be found in a temple located in a Mayanam (cemetery) near the sea (Agni Theertham). I was standing near the gate of the Mayanam at about 12 midnight. It was fully dark and I could not see anything... I was about to leave after five minutes, then suddenly I could see a light (fire) so I realized there must be someone there. I suddenly saw an Aghori Siddhar there who welcomed me to come in and asked me to sit with him. He then asked me why I had come. I told him that I had come there on Muruga Peruman's directions. He then said ok come let us do the pooja. He kept a skull and did a pooja in the Aghori style. This pooja lasted till 2 AM.

So, I stayed there in the Mayanam for 2 hours and completed my pooja to Lord Shiva and then left for my hotel. The next day on Shivarathiri, when I went to the same cemetery after prayers to Lord Shiva, I found no one there.

Similarly, recently when I was traveling from Malaysia to Singapore as I neared its border, I started receiving an important message from Lord Shiva. I didn't understand the full details about it. After reaching Singapore, the next day we had a prayer meeting at the Mac Ritchie Reservoir. It is a very powerful place. The specialty of this place is the Swastika Center Point. As you may all know the Swastika is represented by two lines which are two energies. One energy is the Pleiadian Star energy and the other is the Big Dipper (Sapta Rishi Mandalam) energy. The place where these two energies join together is the Swastika. This is originally from the Kumarikandam period and is related to Time Travel. The Swastika's center point comprises of both Divine Masculine and Divine Feminine Energies. The Divine Masculine energy is the ultimate and the unmanifested Lord Shiva i.e. in His formless state as a universal power. It must be understood that He exists here in His formless state (Aroopa Nilai). He is known as Lord Shankar when He manifests Himself in a form. The Divine Feminine energy in form state is that of Mother Tao. The place where both these energies are present is the Swastika center point.

When you hear about Mother Tao you may have also heard of Taoism. All of you may know about Boganathar Siddhar already. Boganathar Siddhar is the Maha Siddhar who took 9 poisons (Nava Pashanam) to create and consecrate the Navapashanam Moorthy at Pazhani Malai. He is one of the 18 important Siddhars. He is not only a Maharishi but also a scientist. He has travelled

to China many times. His Guru is Kalanginathar. He is a Siddhar belonging to the Nath lineage of Siddhars like Goraknathar, Boganathar, Kalanginathar. Pasupathi Nath, Kedarnath, Prithvi Nath. Such places (whose names end with 'Nath') indicate the place where the Siddhars of the Nathar Sampradaya lived.

Bogar Siddhar manifested himself in China and founded the religion Taoism. In Taoism, there is a symbol – which is both black and white. Black and White are opposite powers. It is difficult to find these 2 powers joined just like the Garuda and Naga energies. They are found connected only in 2 places - one is in Mongolia and the other is in Ujjain. These both are important places. The joining of both these energies and them being together always is represented by only ONE symbol that is the Taoist symbol given by Boganathar Siddhar. If we see the symbol the white is joined to the black and the black is joined with white. Both the energies are continuously touching one another. It is a very powerful symbol. Boganathar Siddhar as Lao Tzu founded Taoism in China and returned to Tibet during the 4th Century AD.

It was Bogar Siddhar who created the Navapashanam Moorthy there. Mother Tao and Lord Shiva's energies can be found together at the Mac Ritchie Reservoir (Swastika Point) in Singapore. It is a very powerful energy point. There is a history behind this energy point. There is a forest inside the reservoir there. According to the message received by me, during the Second World War, when Japan occupied Singapore, the Japanese captain stayed in this forest. He received a message and built a temple there. And later after the Second World War, the British demolished this temple.

In Singapore, I received divine instructions from Muruga Peruman that I have to do pooja at night

for Shiva Peruman in the Mayanam. I asked the members and I found the place with the help of a member who visits there once a month to do pooja. I was told to do meditation. We went there at night did the pooja and I have received the energies (power). Why at the Mayanam of all places? Shiva Peruman has two types of energies. The first is high vibrational energy. Avadootha Siddhars and Aghori Siddhars go there to receive this kind of energy. Normal people will not have the spiritual capacity to receive this energy. The second is general energy. People go to Lord Shiva's temples to receive general blessings.

I had gone to receive Avadootha level energies twice on Shiva Peruman's and Muruga Peruman's directions. Similarly, I also visited Ujjain earlier, a place where both the energies are found together (Garuda and Naga energies). There is a temple of Lord Shiva's which is Mars related called the Mangalnath Temple. The Tropic of Cancer crosses through this temple. In the ancient days, Ujjain was the Zero Time Zone. Our Panchangs make predictions using Ujjain as the basis for making astrological calculations. The Indian Standard Time (IST) used across India may vary from Ujjain time in terms of minutes. However, while making Panchang calculations even today only Ujjain time is being used. It is such an accurate place. It is a very powerful place where Shiva Peruman's presence can be experienced".

Question and Answer Session

Q1: When you receive energies how will your experience be?

A: My spiritual path started in the year 2004. Till the year 2016, I was traveling in my spiritual journey without revealing it to the outside world. I used to receive all messages only

through dream visions. From the year 2013, I started receiving messages directly. I started seeing Muruga Peruman in Jyothi roopam. Because of many years of experience, I become aware before a message comes, as the energies outside in my energy field and inside my body will change. At this time Muruga Peruman will reveal a secret, the location will not be given. Next how this place and where this place is located clues will be given. I will be in full concentration then. I have to focus on my physical as well as astral body with full concentration. Whether I am going to work or I am at home or I am talking, this is related to my physical body. However, in the astral body, I will be in meditation. These two different activities will be happening simultaneously. When I walk or talk sometimes then I receive the clues through nature, dream visions, paper cuttings, and other signs. Muruga Peruman gives me the clues in various ways. I connect the dots through the clues given and through this I decode the location. The faster I work on the clues and decode, the faster I will be able to understand what my task is and get the next message.

I saw Muruga Peruman in Jyothi roopam - this is the biggest experience of my life. One of my biggest experiences happened about four years ago at about 9.30 AM. I had just finished attending a phone call outside my home when my body suddenly got frozen. I could not move my hands and legs. My eyes were tearing and the body had become hot. Suddenly I heard a voice inside me that was continuously telling me, "**Muruga Peruman is going to arrive in Raja Kolam**". I felt something like a heavy punch under my chin to turn my face upwards to look at the clouds. I saw a cloud in which I saw a big light (Muruga Peruman in Jyothi roopam). My body had become really hot. I was like that only for 5 minutes after this the energy disappeared

into the Jyothi. For these 5 minutes, no one came outside from my home or the neighbors, no one was even on the road, even nature seemed frozen in time. After this experience, I went inside my house and only after 30 minutes of standing near the window looking out, my body became completely normal. This was a very big experience of mine to see (Muruga Peruman) in Jyothi roopam.

Till 2016, I was directed by the Divine not to share my spiritual experiences. After I was permitted in 2016, I shared it by giving interviews on Vendhar Channel. I did prayers for those who approached me and as they benefited from this, the news began to spread.

On the 1st of May 2017, in Pazhani Malai, on the auspicious day of Sashti, under the directions of Muruga Peruman, the Lion Mayura Royal Kingdom was started.

Why was LMRK started as an organization?
Muruga Yugam had started in 2013. The LMRK mission was started (globally) to serve as a platform, to carry out the activities relating to Muruga Yugam and Kumari Kandam. 'Lion' represents 'Mars' and 'Lord Lakshmi Narshimar' and 'Mayura' represents 'Kumari Kandam' and 'Muruga Peruman' and hence together it is 'Lion Mayura Royal Kingdom'.

The first duty was to begin the Muruga Yugam and for this, the pradishta of the Mayura Simhasanam was definitely needed. So, it had to start at Zero Time Zone as everything begins at Zero. Muruga Yugam is to last for 2,000 years, so to start it, the pradishta of the Mayura Simhasanam had to happen at Wales, England (Zero Time Zone). The pradishta of the Mayura Simhasanam was done on the Thirukalyanam day, last year, (14.11.2018) after doing pooja at Pazhani Malai.

The next duty which has been given is during next February. It is to do special pooja for Lord Muruga and Lord Anjaneyar in Pazhani during next February on Mahashivarathri Day (21.02.2020). During Easter, next year the pradishta of the Moorthy's will be done at Switzerland (12.04.2020).

Why should it happen in Switzerland?

Money is the controlling factor in the world. The energy relating to it is in Switzerland. So, the pradishta of Muruga Peruman in Switzerland will ensure that money control will come under His direction. This is going to become a very big historical movement and for this, the connected souls who have taken birth in this world will come forward and do their respective duties. This is about Lion Mayura Royal Kingdom.

Q2: Please tell us about Bogar Siddhar who is in Pazhani?

A: Bogar Siddhar is present in his astral body. The only Siddhar who is in the physical body is Guru Babaji (Maha Avatar Babaji). He lives in the Himalayas. The other Siddhas are present in their astral bodies. They take samadhi in their physical bodies and exist in their astral bodies.

Each Siddha has been assigned a duty, for example, Guru Babaji is for World Peace and Nandi Devar is for Politics. Bogar Samadhi can be found located under the Moorthy of Lord Muruga at Pazhani. He is so powerful that he can work worldwide anywhere astrally.

Q3: Please tell us about Siddha Agasthiyar?

A: I have received only one message so far about Agasthiyar Siddha. He is the Aadhi Guru for the Siddhas. In England, there is a human-made pyramid called Silbury Hills. You can look this up on the internet. It is more than 5000 years old. It was revealed by Muruga Peruman to me that

Agasthiyar Siddha had kept the Muruga Yanthra inside the Silbury Hills. We can know about this only by understanding this spiritually.

Almost 40 years ago, people had dug it up to find out its secret but they could not find anything. This was banned later and it has become a protected area now. We had gone and meditated there. It is a very powerful place. That is the message I received about Agasthiya Siddhar.

Temple History

Kundrathu Kumaran Temple in Rockbank, Melbourne

The Kundrathu Kumaran Temple can be found at the highest point in Rockbank area and is located about 25 kilometers from Melbourne Central. The Divine shows its presence in response to sincere faith by its devotees and the history behind the building of the Kundrathu Kumaran Temple is a testimony to that. In the initial stages when the land for the temple was leased, a triangular-shaped stone was noticed which resembled Lord Ganesha. The devotees did the ceremony of boiling milk and began offering their prayers at this spot. During this period a devotee noticed an unusual growth on the lower trunk of a Gum tree. The growth looked like four elephant feet; so much so that the legs appeared to be dark grey and the part that resembled nails looked creamy white. This divine manifestation was taken as a sign and increased the faith of the devotees. When a picture of this was taken to Batu Malai in Malaysia for a blessing, the priest there, on seeing it shed happy tears as a similar divine manifestation had happened before the

Batu Malai temple was built. He then gifted this temple a Panchalokam Vel and told the devotee that the construction of the Kunderathu Kumaran Temple would be successful.

DEVOTEE EXPERIENCES

1) Highest Increment at Work through Shri Rejith Kumar's Prayers

Hello. I would like to share my experience after praying to Lord Muruga. I was waiting for my company to declare an increment and was hoping to get a good hike in my salary. However, things somehow got delayed in my department and none of us were informed of what was happening. I contacted Rejith sir regarding this and began praying about it. I also had the opportunity to meet him in India recently and he had prayed for me.

Two days after resuming work, I got to know that I had been given the highest increment. I am grateful to God and would like to thank Rejith Sir for his selfless prayers for us.

2) Shri Rejith Kumar's Timely Healing Helped Us

Namaste. I am Surya from Bangalore, but at present, I am in San Jose, California. I would like to share my experience with our LMRK family.

I came here to be with my daughter for her delivery. After coming here in December, I had developed some dental issues due to which the entire left side of my face (head, ear, gums, and teeth) was aching. The pain was getting intolerable progressively day by day and during the evenings, I found it getting worse. So, I requested Rejith ji for healing. He sent distance healing first and then gave me direct healing through a video call for 3 minutes. This was done regularly once every week. I got immersed in taking care of my daughter as her delivery date had drawn near. I had forgotten to even notice that the pain had entirely disappeared! Only when my daughter asked me about it, I realized that I was completely pain-free. It was really something miraculous. I immediately messaged Rejith ji and thanked him. I can only convey my heartfelt thanks to Rejith ji and express my gratitude for the blessings I have received from Muruga Peruman. Om Saravana Bhavaya Namaha.
